\*Which courses the student takes will depend on which option the student chooses to follow. See the catalog under supplementary requirements for this major and track.

^Add up number of upper level hours taken at this point. Take at least one course, if necessary, to accumulate 40 hours of upper level credit by the end of spring semester, fourth year.

If students choose to double major and/or minor, the following catalog rule applies: any course applied toward the completion of one major or minor may not also be applied toward the fulfillment of elective requirements in another major or minor.
