***General Education Requirements – Some courses fulfill general education as well as major requirements. See catalog for accepted courses for general education**

If students choose to double major and/or minor, the following catalog rule applies: any course applied toward the completion of one major or minor may not also be applied toward the fulfillment of elective requirements in another major or minor.

Psychology courses with an (E) are electives in the major. A student needs to complete the required psychology courses as well as 16 elective psychology courses and these are simply suggested electives.
