Open Session:
- Feminine Hygiene Products: Over the past week, it was brought to Keo Mills’ attention that there is a lack of feminine hygiene products in the women’s restrooms around campus. As a suggestion, we could work on placing the product dispensers in the women’s restrooms.
- Dress Code: Also, another non-traditional student spoke to Keo Mills about a possible dress code for McKendree students. As a result, our SGA could talk to the
students and faculty in our classes and other organizations on campus to acquire the input of those that would be affected.

- **Bully Week**: Ashlyn Beasley brought up the idea to collaborate with the Campus Activities Board to provide an informational session on the effects bullies can have on people of all ages.

- **Computers at the West Clubhouse**: There are computers at the McKendree West Clubhouse. However, most students are not aware of this. SGA should advertise this information so that student’s will know they have computer access at West. In addition, we could talk to the residents at West to discuss the purchasing of printers for the lab to further benefit student’s living in the McKendree West apartments.

Tyler Wallin and Lauren Haukapp will be working together to develop this committee.
