

Economics and Finance

- **Major: 60 credit hours**
- **Economics Minor: 21 credit hours**
- **Finance Minor: 21 credit hours**
- **Major/Minor GPA required for graduation: 2.25**

PROGRAM REQUIREMENTS:

- **Capstone: Business Strategy and Policy (BUS 450)**

Description of Major: Economics and finance students focus on the study of the allocation of resources with an emphasis on community, business, and financial resources. In particular, students will be able to develop and interpret operating budgets, capital budgets, investment portfolios, and develop and manage capital structure. After studying economics, students will be able to use tools like opportunity costs, supply, demand, marginal analysis, the equation of exchange, and the theory of trade. To be effective in these activities, students will develop their oral and written communication skills, their critical thinking skills, and their numerical skills.

Student Learning Outcomes

Students will:

- Apply critical thought regarding the environment of business.
- Demonstrate an understanding of the major concepts in the functional areas of business.
- Identify and apply economic and financial analyses in professional situations.
- Assess the reliability of data and sources.

Preparation: The major in economics and finance provides a solid academic base and opens a number of career options. Such career options include positions in commercial banking, the securities business, financial planning, government agencies, and financial consulting. The major also provides a sound foundation for postgraduate studies in finance, economics and business administration.
