

Forensic Studies

Division of Social Sciences

- **Minor: 22 credit hours**
- **Minor GPA required for graduation: 2.50**

Description of Minor: The forensic studies minor can be focused in chemistry, psychology, sociology, or other disciplines. The forensic studies minor would be beneficial to students in any major interested in graduate work or careers related to forensics or crime.

Students wishing to pursue graduate work or advanced study should research the requirements and prerequisites for their desired programs early enough to ensure that additional coursework can be added, if needed. This minor is intended to provide an introduction, but additional courses will be required for admission to specific graduate programs.

Relevant internship hours may be substituted for three credit hours of the minor.

Student Learning Outcomes

Students will:

- Know the wide-ranging academic disciplines that make up forensic studies.
- Analyze academic questions within forensic studies using the approaches of disciplines in the field.
- Apply the approaches of academic disciplines within forensic studies to theoretical investigations of specific cases.
- Know how forensic scientists use scientific evidence in a legal context.

To minor in forensic studies, no more than two courses can be taken from any one discipline.
