SSC 105**3****WORLD GEOGRAPHY**

The physical and human geography of the planet will be explored. Each region of the world offers unique interrelationships between its people, culture, and physical environment. Specifically, migration patterns, languages, demographics, and physical characteristics will be studied. Special emphasis will be placed on the ongoing natural human processes that continue to structure our world. Students will use a variety of interdisciplinary sources such as maps, pictures, and documents to learn about the geography of different world regions.
