

Clinical and Counseling Psychology (PSY)

Division of Social Sciences

The clinical and counseling psychology minor prepares students to investigate, appreciate, and therapeutically address the psychological needs of a diverse population of individuals, families, groups, and communities. This minor will provide rigorous undergraduate training in clinical science and interventions with a focus on preparing students for entrance into a graduate program in clinical, counseling or school psychology.

Students in this minor are trained to become knowledgeable and proficient in the psychological theories of personality, life-span development, and basic psychological measurement techniques.
