

	General Education Requirement	Major Requirement	Major Elective	Minor Requirement	Minor Elective
General Education Requirement	NO	YES	YES	YES	YES
Major Requirement	YES	YES	NO	YES	NO
Major Elective	YES	NO	NO	NO	NO
Minor Requirement	YES	YES	NO	YES	NO
Minor Elective	YES	NO	NO	NO	NO

To see if a course can count in more than one category, find the categories in the top line and on the side. The answer where the two intersect will tell you if they can count in more than one place or not. For example, if you select Major Elective at the top and Major Requirement on the side, the answer is NO, the course cannot count for both.

**PLEASE NOTE: Beginning in 2017, the requirement for minors is that each minor must have nine unduplicated hours (with majors or other minors). Therefore, the dip-double dip grid no longer applies to minors for students who started after summer 2017.**
