A BEARCAT'S GUIDE TO LIFE AT MCKENDREE UNIVERSITY

The mission of McKendree University is to provide a high-quality educational experience to outstanding students. We guide our students in the pursuit of academic excellence, which will prepare them for leadership roles in our society. To achieve this, we encourage broader vision, enriched purpose, engagement with the community, commitment to responsible citizenship, openness to new ideas, and dedication to lifelong learning. In keeping with our history and traditions, we provide our students with rigorous, broadly based liberal arts curricula joined with specialization in a specific discipline.

We cherish our historical relationship with the United Methodist Church and its tradition of Judeo-Christian ideals. Therefore, we encourage an atmosphere of open dialogue, free inquiry, and mutual respect, conducted among students from diverse backgrounds.

AT MCKENDREE, OUR PURPOSE IS...

1. To offer undergraduate, graduate, and professional programs to develop our students' knowledge, analytical abilities, research capabilities, creativity, and sense of identity.
2. To help our students develop an appreciation and understanding of human diversity by providing knowledge of and opportunity for experience with multiple ethnicities, cultures, and societies.
3. To create an intellectual and technological environment supporting innovative and effective teaching, research, assessment and communication, excellent writing and oral skills, and decision-making.
4. To attract and maintain an excellent faculty and staff committed to teaching, to research, and to service to McKendree and the greater community while also attracting and retaining an outstanding student body.
5. To create a culture of campus life that includes experiences beyond the classroom that allow for the development of the whole person.

GETTING INVOLVED ON CAMPUS

Your time as a Bearcat should not be all about drafting essays and building up your resume--having fun and meeting new friends is just as important! There are plenty of opportunities here at McKendree, and the **Office of Campus Activities and Recreation** can tell you all about them. If you want to join a Greek organization, the **Office of Fraternity & Sorority Life** can get you more information. For those more interested in watching sports than playing, McKendree has a thriving **Athletics** program with nationally recognized teams and athletes for you to cheer on. And, of course, there is **the Hett**, McKendree's number-one destination for entertainment. Whether you are interested in movies, concerts, or stand-up, the Hett is the place to be.

CAMPUS ACTIVITIES

The Office of Campus Activities, located on the lower level of Deneen, offers many opportunities for students, their parents, and families to become invested in and connected to life at McKendree University. The office serves as a resource center for campus involvement through various programs and services. It strives to engage students in exploring their co-curricular experiences, beginning at admission, and continuing through graduation. The Office of Campus Activities sponsors programs for the entire campus community and provides leadership development opportunities for Registered Student Organizations. Our campus community is enriched through student involvement and each student's willingness to create new experiences. Please check with the Office of Campus Activities or the Office for Student Affairs for more information.

McKendree University has many student groups and organizations to choose from, offering a variety of activities and interests to everyone. Joining a student group or organization affords members many benefits, including making new friends, developing various skills and abilities, teamwork, learning how to set and achieve goals, and of course, having fun and being an active participant in the pulse of McKendree University! Registered Student Organizations (RSOs) include honor societies, departmental student organizations, faith-based groups, service organizations, and special interest groups. If a student can't find a group to fit a particular interest, they can start one by contacting the Office of Campus Activities at (618) 537-6856.

HOSTING CAMPUS EVENTS

Students are free to plan social activities and functions if they follow University regulations regarding student conduct. Campus facilities can be reserved for meetings, lectures, dances, movies, receptions, and other events. Conflicts in scheduling and use of facilities can be avoided by using the University's master calendar on the campus website or by calling the Office of Campus Activities at Ext. 6856. All activities, including public events, should be checked against and listed on this calendar.

When making your initial plans for an event, check the <https://mckendree.events.prod.coursedog.com/> webpage or contact the Office of Operations in advance to see if the room you want is available. Activities must be scheduled so as not to interrupt the regular and essential operations of the University. The Office of Operations reserves the right to reschedule events to prevent unreasonable conflicts, particularly when University-wide events occur. If you change your plans or cancel an event, tell the Office of Operations that too.

Some things to think about when planning an event are speaker or performer availability, fees, room availability, the master calendar, travel costs, equipment needed, food, decorations, publicity, your budget, and whether you have any co-sponsors.

All advertising of Registered Student Organization (RSO) events (flyers, sidewalk chalk, etc.) to be posted on campus must be approved by the Office of Campus Activities. Greek organizations should contact the Coordinators for Fraternity and Sorority Life. Major events requiring press releases, etc., are to be referred to the Office of University Communications and Marketing on Ext. 6865.

For assistance with contract negotiations, room set-up, equipment requests, etc., contact the Office of Operations at Ext. 6958 or the Office of Campus Activities in the Deneen Center at Ext. 6856. For assistance with food service, contact Sodexo in Ames Hall on Ext. 6985.

SHOWING FILMS

Showing a film is a fun and easy event to organize. However, whenever a film is used for public viewing, regardless of the event's size, the individual or group sponsoring the viewing must purchase the Public Performance Rights (PPR) for the film. Failure to purchase the associated PPR can result in fines or prosecution for copyright violations. If you would like to show a film, please contact the Office of Campus Activities.

FRATERNITY & SORORITY LIFE

The Office of Campus Activities oversees the social Greek-Letter organizations and their student governing body, the Inter-Greek Council. Campus Activities is committed to partnering with students; local, regional, & and national organizations; and various stakeholders, both on and off campus, to ensure that fraternity and sorority members thrive. Working together, we can create an environment that maximizes opportunities for personal and academic growth, supports our McKendree Values, and strives to provide experiences that foster a positive, safe, healthy, and equitable social experience for all members of our community so that they practice responsible citizenship and social engagement.

LEADERSHIP

The community is self-governed by the Inter-Greek Council (IGC). Representatives from each chapter are voting members on the council, which is led by an executive board; all members of IGC are currently active members of the five organizations. The goal of IGC is to cultivate growth in the Greek community while setting standards for the chapters to maintain.

GETTING INVOLVED

Students interested in joining a fraternity or sorority can participate in recruitment week, which takes place in the fall and spring semesters. Prospective members can meet with active members of each of the Greek organizations on campus. Prospective members will then be invited to join an organization. All potential new members must be in good standing with the University, maintain a minimum cumulative GPA set forth by the council, and be current full-time undergraduate students at McKendree University. For more information, visit www.mckendree.edu/greeklife.

SOCIAL GREEK ORGANIZATIONS

ALPHA DELTA GAMMA, ALPHA ETA – FRATERNITY

Alpha Delta Gamma had its beginning with four students at the Lake Shore Campus of Loyola University of Chicago in 1924. The “Founding Four” brothers realized the need for an organization quite different from those existing on their campus. They saw five specific areas of development for students at Catholic colleges: the spiritual, the scholastic, the social, service to college and community, and encouragement of school spirit among fellow students. In effect, they wanted a fraternity founded upon Christian ideals of true manhood, sound learning, and the unity of the fraternal brotherhood. Since then, the national organization has grown quickly. The brothers of Alpha Delta Gamma (ADG) welcome young men who want to know more about what it means to be a leader. Since 1924, ADG has been helping men attain their goals in an atmosphere of achievement, self-government, and close cooperation.

KAPPA SIGMA TAU – SORORITY

Kappa Sigma Tau, a local sorority only found at McKendree University, promotes the values of sisterhood, service, and academic excellence. Members strive to become positive role models in the classroom and strong leaders on campus. In the fall, Kappa Sigma Tau works to raise funds and awareness for the St. Louis Children's Hospital, and, in the spring, the organization focuses efforts on Alzheimer's awareness. Members enjoy weekly social gatherings and are involved with various McKendree-related events throughout the year.

SIGMA SIGMA SIGMA, THETA GAMMA CHAPTER – SORORITY

Sigma Sigma Sigma (Tri Sigma) was chartered in April of 2011. Being a national sorority, the women of the Theta Gamma chapter can connect with Tri Sigma sisters all over the nation, sharing Tri Sigma's values of wisdom, faith, power, hope, and love. As an organization, Tri Sigma strives to be excellent in academics, sisterhood, service, and leadership. The women uphold high academic and moral standards for its collegiate members and encourage lifetime participation as alumnae members. The motto "Faithful until Death" reflects Tri Sigma's commitment to providing a lifetime of sisterhood. The national organization has alumnae chapters across the nation to help sisters stay involved even after they leave McKendree University. Tri Sigma boasts the ability to offer many different opportunities for sisters to develop strong leadership skills and engage in philanthropy. The chapter helps to raise money for the Robbie Page Memorial, which sponsors children's play therapy in hospitals across the country and has supported the St. Louis Children's Hospital locally. The chapter has also been honored by the national organization for its Anti-Hazing Week programs.

CAMPUS RECREATION

Campus Activities operates under the premise that to excel academically, students need to have opportunities outside the classroom where they can meet other students, socialize, develop leadership skills, and have the opportunity for fun competition at the non-intercollegiate sport level. Intramural Sports is the co-curricular program that complements the formal academic curriculum. Campus Recreation offers opportunities to currently enrolled McKendree students, faculty, staff, in several competitive and structured activities each year. Participants have fun, learn new sports, meet people from other cultures, test their physical ability, and take a break from the everyday academic routine. Team sports generally take on a league structure with a postseason tournament to determine champions. Please check with the Office of Campus Activities for more information.

INTRAMURAL ELIGIBILITY

All faculty, staff, and students enrolled in six or more class hours at McKendree are eligible to compete in the Intramural Program, provided they are not exempted in one of the following ways:

1. Any student competing on a varsity team (varsity eligibility pending) shall be barred from that sport or its related sport. Related sports are fundamentally the same – for example, baseball and softball.
2. Any student participating under an assumed name shall be barred from all intramural competitions for the rest of the year.
3. Any student who has competed professionally in any sport shall be barred permanently from that or its related sport.
4. Any player/student removed from intramural contests due to unsportsmanlike conduct may be barred from intramurals for the rest of the current year and/or taken through the university conduct process.
5. Under no circumstances may any person ineligible for intramural play participate in an intramural contest. Any team using an ineligible player shall forfeit all contests in which that player participated.

RECREATIONAL GYM USAGE AND EQUIPMENT

The McKendree community is encouraged to make use of the Recreational Gym, located on the north side of the Melvin Price Convocation Center (MPCC). The facility features two full basketball courts, six total goals, two volleyball courts, boundary lines for badminton and other sports, and men's and women's locker rooms. The gym may also be reserved for Intramurals or special events.

Unauthorized use of these facilities will result in judicial action, as outlined under the Code of Student Conduct.

WEIGHT AND CARDIO ROOM

The Weight and Cardio Room is in the Student Fitness Center, adjacent to the Hettenhausen Center for the Arts. This facility contains dumbbells, free weights, and cardio equipment, including treadmills, elliptical machines, and bicycles. Additional offerings include strength bands, balance balls, and other equipment. Please check with the Office of Campus Activities or the Office for Student Affairs for more information.

A McKendree University-issued ID card is required for entry into this facility. Access to this facility will not be granted without a waiver form on file. Visit the Fitness Center website to complete the waiver form for card access. If you have problems with your card, please contact the IT Helpdesk at Ext. 6445 or helpdesk@mckendree.edu.

1. All users of the Weight and Cardio Room must scan their McKendree ID for entry each time they enter the facility.
2. **DO NOT PROP DOORS OR ALLOW ENTRY TO THOSE WITHOUT A CARD.**
3. This facility is unsupervised. Use the equipment at your own risk. For safety, always use a spotter. Lift within your capabilities. Offer to spot unaccompanied lifters.
4. Consult a physician before beginning an exercise program. A general Weight and Cardio Room orientation is available. Please visit the Campus Recreation website for more information.
5. McKendree University assumes no liability for injuries or accidents that may occur.

ATHLETICS

McKendree University completed the three-year transition process and officially became an active Division II member of the National Collegiate Athletic Association (NCAA) on September 1, 2013. McKendree University began competing against NCAA Division II teams in the fall of 2012 as a member of the Great Lakes Valley Conference (GLVC), which features Midwest schools similar in size and student makeup to McKendree. Schools currently in the conference include Drury University, University of Indianapolis, Lewis University, Maryville University, Missouri Science and Technology, Quincy, Rockhurst University, Southwest Baptist University, Truman State, University of Illinois-Springfield, and University of Missouri-St. Louis, and William Jewell College.

The university has a long history of success in both men's and women's intercollegiate athletics. Men's and women's teams compete in basketball, soccer, swimming and diving, tennis, cross country, track and field, golf, volleyball, and water polo. Men's teams also compete in baseball, football, and wrestling. Women's teams compete in softball, bowling, and lacrosse. Non-NCAA sports in bass fishing, powerlifting, women's wrestling, women's ice hockey, men's ice hockey, men's bowling, and women's beach volleyball are also available for interested students. Men's and women's rugby is also available.

There are plenty of opportunities to cheer on the Bearcats! McKendree's mascot, Bogey, helps promote school spirit at athletic events, along with our cheerleading squad, competitive dance team, and Bearcat Sound Machine (spirit band and color guard). Students are also encouraged to participate in activities. Students are admitted free of charge to all home sporting events (except for playoff games). For information on sports events, consult student publications or contact the Sports Information Office at Ext. 6879.

RUSSEL E. AND FERN M. HETTENHAUSEN CENTER FOR THE ARTS

Opened in 2006, The Hett stands as the premier venue for the arts in Southern Illinois, presenting world-class dance, drama, classical music, rock, and jazz. The 479-seat auditorium is on Alton Street across from the campus fountain and Piper Academic Center. The Hett also houses several classrooms and rehearsal rooms and is home to many campus groups: the Department of Music, McKendree Student Theater, our Bearcat Sound Machine, and more.

The Hett is named for Russel E. and Fern M. Hettenhausen of Belleville, IL. The Hettenhausens shared a lifelong love for the arts. Following the death of Russel, Fern sought a way to memorialize him. She stepped forward with the lead gift of six million dollars and jump-started the effort to construct a new arts center on McKendree's beautiful campus. Her gift is a lasting tribute to her husband and her commitment to the arts and the young people who study here.

Upcoming events, performances, and shows can be viewed at http://www.mckendree.edu/the_hett/current-events.php.

Tickets can be bought online, by phone, mail, or fax, or at the Box Office in the Hett lobby. Tickets are free for McKendree students and offered at a discounted price for faculty and staff. All discounts must be requested **at the time of purchase**. More information on purchasing tickets can be found at http://www.mckendree.edu/the_hett/get-tickets.php.

TICKET LIMITS

When purchasing tickets for some events, you are limited to a specified number of tickets for each performance (also known as a "ticket limit"). If there is a ticket limit, it will be mentioned on the event page and is verified with every transaction. Please adhere to published ticket limits.

Additionally, students may call the National Suicide Prevention Lifeline at 988 for community-based providers.

PLEDGE OF SUPPORT

When our community is shaken by tragic or abhorrent events on campus or beyond, Counseling Services staff acknowledge the significant impact of these events on the students we serve. As believers in every person's worth, we hold firm to the values of inclusion, multicultural diversity, and social justice. We believe in empowering **all people** - including those who are marginalized and oppressed - to act together to challenge injustice, condemn discrimination, and promote common humanity of equitable treatment and social cooperation.

We seek to foster a *community that is safe for all students*. Our reactions to controversial events vary across people. We are each uniquely affected. At the same time, we strive to understand and respect perspectives that may be different from our own. Therefore, we join voices in making this pledge to all McKendree University students: *your perspectives, values, and experiences will be welcomed* at Counseling Services. ***You will be safe, you will be respected, and you will be heard.***

We want to remind you that ***you are not alone***. There are a variety of resources and services to support you through challenging times. We applaud the efforts of campus organizations, student groups, and committed individuals who provide spaces for discussion of all forms of inequality at our university and in the wider world. We invite students to access these many resources. We also encourage you to reach out to Counseling Services as needed for appointments for individual counseling or tailored outreach presentations on request.

Through the LHCCS partnerships, we strive to build a spirit of service on campus that is carried with students into their lives and careers after graduation. LHCCS coordinates events and programs to build social awareness among the campus community.

STUDY ABROAD

McKendree University encourages all Bearcats, starting in their sophomore year, to explore opportunities to study abroad. You can spend a semester studying in another country, absorbing new cultures, languages, and ways of life, all while remaining enrolled at McKendree. Often, a student's financial aid can be applied to offset the cost of this opportunity. Working individually with your advisor and the transfer coordinator to make sure the credits earned from classes taken abroad can be transferred back to McKendree keeps your graduation plans on track. These experiences will also boost your resume, giving you an edge in the job market post-graduation. Students from all disciplines can participate; the study abroad program is open to any student who has earned a minimum of 45 credit hours and has achieved a 2.75 GPA. Please contact the Manager of Community Education (Clark Hall) for all the details.

YOUR FINANCIAL NEEDS

The Student Financial Services Office's guiding mission is to ensure that qualified students have every opportunity to continue pursuing their educational goals regardless of financial circumstances. However, the student is a necessary partner in seeking and obtaining financial assistance. Because there are so many different financial aid programs in place, students need to seek help early and follow directions carefully. Otherwise, students may not realize the full benefit of these financial aid programs.

The many financial aid programs can be grouped into the following general areas:

GRANTS

Grants are need-based awards to students, usually administered by federal or local governments. While grants do not have to be repaid, students must often meet specific requirements concerning financial need to continue receiving the grant. A student's level of financial need is determined by filing the FAFSA (Free Application for Federal Student Aid), and this needs to be done each academic year.

LOANS

Student loans provide funds that must be repaid, typically after the student is no longer enrolled. Loans have varying requirements concerning eligibility and the schedule for repaying borrowed money.

SCHOLARSHIPS

Scholarships are financial awards that are offered to students based on their academic achievement, athletic skill, or other talents. While scholarships do not have to be repaid, students must often meet specific requirements to continue receiving scholarships from year to year.

UNIVERSITY WORK-STUDY

The University Work-Study program allows for students to seek employment on campus to earn additional funds. Many departments on campus hire student workers; however, the number of positions available is limited, so students are strongly encouraged to apply early for work-study positions. Federal Work Study is a need-based form of financial aid and is determined by the FAFSA, however, some campus student employment positions do not require that a student be eligible for Federal Work Study to apply.

Students have several options for obtaining financial assistance, but they must complete the FAFSA to receive any federal or state financial aid. The steps are as follows:

COMPLETE THE FAFSA APPLICATION EVERY YEAR

FAFSA applications are released after October 1 for the upcoming school year. It is important for students to read the FAFSA directions carefully and to submit the completed form as quickly as possible. Some types of financial aid funds are limited, so students who do not complete the application in a timely fashion are jeopardizing their chances of receiving the full benefits of the financial aid programs.

READ ALL FINANCIAL DOCUMENTS CAREFULLY AND FOLLOW DIRECTIONS

Often students are unaware of problems that exist on their financial aid documents because they fail to read all documents carefully. Do not delay your financial aid application by failing to respond to inquiries promptly.

TAKE NOTE OF THE REQUIREMENTS AND PROVISIONS OF FINANCIAL AID PROGRAMS

In most cases, student financial aid awards are contingent upon satisfactory academic progress. Students on athletic/academic scholarships and those receiving federal financial aid, among others, should read program requirements carefully.

MAKE PAYMENT PLAN ARRANGEMENTS FOR OUTSTANDING DEBTS TO THE UNIVERSITY

Students need to recognize that fees for tuition, housing, meal plans, and other costs are due at the beginning of each semester. The University offers payment plan options for remaining balances not covered by financial aid, but students need to make these arrangements ahead of time, or they may lose their placement in classes or University housing. Payment plans are handled through Nelnet – more information is available in the Student Finance area of Self Service or by contacting Student Financial Services Office.

FOLLOW THE PROPER PROCEDURES REGARDING ADDING/DROPPING CLASSES OR WITHDRAWING FROM SCHOOL

Dropping a class or withdrawing from school does not necessarily relieve students from financial obligations. In addition, program changes may affect the amount of financial aid awarded. Therefore, students need to read and understand the procedures for making program changes, and to consult with financial aid to learn if financial aid awards will be affected.

Most importantly, students who have questions concerning financial aid should contact the Student Financial Services Office, located on the first floor of Wildy. Do not allow small problems to become big problems by failing to act.

LIVING ON CAMPUS

Living on campus plays an integral role in your liberal arts education. As a member of a community of scholars, you will learn to balance individual freedom with community responsibility and to respect and appreciate individual differences.

RESIDENCE LIFE

The Office of Residence Life plays a vital role in supporting McKendree University's academic mission by fostering an atmosphere that encourages holistic development. We are committed to providing a safe and well-maintained residential community while promoting student success. We value an environment that fosters mutual respect, responsible citizenship, and supports educational opportunities to supplement our residents' overall experience.

Residence Life Staff

Residence Life staff members are responsible for helping students develop a positive community on campus, enforcing University policies, and intervening in emergencies. Each residence life staff member serves as a resource to help students transition to the University community. Residence Life staff can be contacted 8:00 a.m. to 5:00 p.m. Monday through Friday, at (618) 537-6855, and at the duty numbers listed below during nights and weekends.

Resident Assistants (RAs) are carefully selected full-time undergraduate students who live and work in every residential area. Resident Assistants plan activities and programs for the floor community, enforce university policies, conduct monthly health and safety inspections, and report needed repairs.

Each residential area is also staffed with an Area Coordinator (AC). These staff members are full-time student affairs professionals who live and work in residential areas. The professional staff is responsible for the overall operation of the building or complex. They supervise the building staff, advise various student groups, and assist students and staff in coordinating programs and activities. The professional staff also serves as a resource for students who are experiencing problems. Both student and professional staff serve in on-call capacities for their residential area. Student Staff members on-call make rounds of their area to ensure the safety and security of buildings and are available for residents who need assistance.

Check-in And Check-out

All residents must check in and out of the residence halls at designated times. At the end of each semester, students must check out within twenty-four hours of their last final examination. Students completing a final check-out of their room must make an appointment with their student or professional staff member. Students who fail to follow check-in or check-out procedures may be charged a fee. Students do not have access to residence halls or rooms during periods when the school is in recess unless they have received specific permission in advance to remain in the halls during the break period. The University does not provide storage space

for student furnishings during the summer term. **Students must take all furnishings and possessions home or store them in a commercial storage facility.**

Identification Cards

Student identification cards may be obtained through the Office of Information Technology on the lower level of Piper Academic Center. Student identification cards are the property of the University and **must be surrendered upon request**. Initial cards are available to students at no charge; however, to reissue any subsequent cards, a student will incur a fee per card. **All McKendree students must carry their identification cards with them and may not give them to others for use.**

Keys

Upon checking into the residence halls, students are issued keys to their residence hall rooms. Students may also be issued keys to building entrances and mailboxes. All keys are the property of the University, may not be duplicated, and **must be surrendered upon request**. Students are urged to keep their doors locked and not allowed to loan their keys to others. Students who misplace their keys are encouraged to notify their Area Coordinator/Resident Director as soon as possible. Students who lose, damage, or have their key(s) stolen are assessed a fine for key/lock replacement. Students who are temporarily locked out of their rooms may request that a Residence Life or Public Safety staff member open their doors for them. Staff may request proper identification before doing so. **All McKendree students must carry their keys with them.**

Room Changes

All requests for room changes must be initiated by emailing the Office of Residence Life (reslife@mckendree.edu). All room changes are subject to the Director of Residence Life's approval. The student initiating the room change is responsible for notifying the current roommate(s) of the room change. Typically, the student seeking a room change will move out of the room. Under no circumstances may one student force another student to move to accommodate their desired roommate request. Students who wish to move in together will be placed in an available room, or a room trade will be arranged with the consent of all parties involved. Students are not permitted to move until receiving approval from the Director of Residence Life. Fees will be assessed for those who move without approval.

Housing Selection Process

Returning students sign up for housing each spring semester through the housing renewal process. The housing application process involves signing a binding contract for the entire undergraduate academic career. Students must read all the terms and conditions of the housing contract carefully. New first-year and transfer students will be able to select their placement in the order in which their applications are received. Applications are available at the beginning of February for Fall incoming students and available at the beginning of November for Spring incoming students. For more information on housing applications and the housing renewal process, please see the Residence Life pages on McKendree's website.

Room Inspections

Residence Life staff members conduct periodic checks of individual residence hall rooms to ensure that rooms are being maintained in a manner that does not present health or safety concerns for the student or the University. Notice will be given to residents at least 24 hours before inspections. Residents are not required to be present for inspections. Students whose living spaces contain violations of university policy or present health and/or safety concerns are required to make the necessary corrections within twenty-four hours and to schedule a re-inspection with Residence Life staff. Any policy violations found during these inspections are documented and handled through the University's conduct process.

Rooms are also inspected when students check out. If a staff member notices damage to a room or common area, they report it to the Physical Plant department for repair. Students may be required to pay for damages beyond normal wear and tear occurring in their living area and any cleaning required of the student but not completed. All students share responsibility for monitoring common

areas, including restrooms, hallways, and stairways. Damages/messes occurring in common areas may be charged to all residents of the floor, unit, or building. A closing walkthrough is done by the Office of Residence Life as a final evaluation of the room.

Room Decorations And Furnishings

The University provides basic furnishings for all residence halls, which includes a bed (Twin XL), desk, chair, closet/armoire, and dresser. Furnishings may vary between residence halls or rooms. For more information on furnishings and amenities for each residence hall, students should visit <https://www.mckendree.edu/student-life/res-life/life/resources.php>. Students are encouraged to bring additional decorations and furnishings with consideration of the following guidelines:

1. Furnishings provided by the University may not be removed from residential assignments or swapped between residential assignments. Storage space is not available for these items. Furnishings that are attached to the walls may not be separated and moved. Waterbeds are not permitted. Additionally, lofting beds is not permitted, as McKendree beds cannot be lofted safely. However, students who bunk their beds should contact their Area Coordinator to receive the items necessary for bunk beds.
2. Students should exercise caution when furnishing rooms with valuable items such as televisions, stereos, and video games as these items attract theft. **The University is not liable for student property and does not provide insurance for residents' property.** Residence Life recommends that all students purchase renters' insurance, as the University does not take responsibility for any items that may be lost, stolen, or damaged. Students should also understand that the University may require students to remove sound equipment if it is used improperly and disturbs others.
3. In decorating rooms, students should refrain from putting nails or screws into the walls or doors. Students should also refrain from utilizing contact paper and other adhesives that can destroy painted surfaces. Mounting putty is the preferred and acceptable medium for hanging posters and other decorations. Damage or required cleaning caused by decorations will result in charges to the student(s) responsible.
4. Any electrical appliances must be UL-listed to U.S. safety standards. Please see additional requirements and expectations on the University website.

MAINTENANCE

McKendree University's Physical Plant department oversees the cleaning and maintenance of the residence halls through its Custodial and Maintenance staff. Custodial staff are regularly present, including on some weekend days with limited coverage. Maintenance staff handle most repairs and work closely with the campus grounds crew to ensure facilities are well-maintained. In addition to full-time staff, student worker positions such as Custodial Student Assistants and Student Maintenance Workers support daily operations and gain hands-on experience in facilities management

If you need a non-emergency item fixed in your room, go to MyMcK on the McKendree University webpage, select the Keystone Work Order tile, and then complete and submit your work order. Work order forms are handled based on priority by the Physical Plant staff. Physical Plant Maintenance staff will be dispatched to emergencies as quickly as possible. To report an emergency maintenance situation, contact the Physical Plant at (618) 537-6969. After hours, contact either Public Safety at (618) 537-6911 or the duty number for your residential area.

MAIL

U.S. Mail and Campus-originated mail is sorted and delivered Monday through Friday. Mail is delivered to student mailboxes by university staff throughout the week. Summerfield Suites residents pick up their mail at Printing and Mail Services in Eisenmayer Auditorium. Students are not permitted access to any mailbox other than their own, and they must use their keys to access their mail. Students must not misplace others' mail, including their roommates'. Opening, mishandling, or tampering with another person's mail is a criminal offense. Additional policies regarding mail are on the Printing and Mail Services website. Students are expected to check their mailboxes regularly, and any mishandled or unclaimed mail can be addressed by the Office of Printing and Mail Services and/or the Office of Student Conduct.

CAMPUS DINING

The Sodexo Food Service team operates two dining facilities on campus: 1828 Cafe and Ames Dining Hall. Each has a unique flavor and atmosphere. It is the goal of the department to provide excellent customer service and the highest quality food. Ames Dining Hall offers a variety of dining platforms, with homemade soups, an exhibition cooking station, a deli with made-to-order sandwiches from only the freshest of ingredients, hot entrees, hand-tossed pizza, and a grill. We offer vegetarian/vegan options daily. Seasonal special events and meals are held periodically throughout the year to offer menu variety. 1828 Cafe has a diverse and expansive menu of breakfast specialties, hot sandwiches, fresh salads, soups, snack items, Starbucks coffee, and smoothies with daily menu specials. This convenient location is open day and evening hours Monday through Friday.

Students with food allergies or special dietary needs can speak with a member of the management team to discuss accommodation. We maintain an all-you-care-to-eat policy at Ames Dining Hall. Students are not permitted to take food and drink items out of the facility for later consumption. All dishes and silverware must also remain at Ames. Students in violation of Dining Hall rules will be subject to sanctions as outlined in the Code of Student Conduct found in this handbook.

Though our intention is for our mealtimes to meet the needs of all students, we understand that this is not always possible. In cases where a student knows they will be unable to visit Ames during scheduled meal periods, a sack meal can be ordered (with 24 hours' notice) for pick-up at 1828 Cafe. This must be pre-arranged by filling out a request form at 1828 Café during regular business hours. You can request a one-time sack lunch or set up a weekly schedule, depending on your needs.

Meal Plans

Meal plans are used at Ames Dining Hall during scheduled mealtimes seven days each week. The 15 and 19 meal plans allow for meal exchange in 1828 Cafe from 9:00 a.m - 10:00 a.m and 1:30 p.m.-3:00 p.m. Monday through Friday and 7:00 p.m.-8:30 p.m. Monday through Thursday if the patron misses the previous meal in Ames Dining Hall. Flex Dollars can be used at either dining location. We recognize the value of choice and offer the following meal plan options:

10 MEALS PER WEEK + \$100 FLEX PLAN

This meal plan is created for the on-the-go student who is planning on eating only 1-2 meals/day in the dining hall and prefers more Flex Dollars for maximum flexibility - perfect for commuter students or those who go home frequently on the weekends. No meal exchange.

15 MEALS PER WEEK + \$75 FLEX PLAN

This plan allows patrons to enjoy 15 meals per week, plus 75 Flex Dollars to be used at either facility. Includes meal exchange.

19 MEALS PER WEEK + \$50 FLEX PLAN

This most traditional plan allows a student to enjoy all meals served weekly in the Ames Dining Hall, plus 50 Flex Dollars to be used for snacks or drinks in-between meals. This plan includes a meal exchange.

25 MEALS PER SEMESTER

This plan gives commuters and residents who live in apartments 25 meals for the semester. No flex included. No meal exchange.

Bogey Bucks

Bogey Bucks are available to all students. Bogey Bucks can be purchased online at <http://mckendree.sodexomyway.com> or by visiting the cashier at either dining location. Bogey Bucks carry over from the fall semester to the spring semester **but expire at the end of each academic year**. For students on meal plans, Bogey Bucks offer additional savings when Flex Dollars have been used up. For students not required to be on a meal plan or commuter students, Bogey Bucks offer convenience for use in Ames Dining Hall or 1828 Café. A prepaid amount is linked to your McKendree student ID card and can be used to purchase food from Ames Dining Hall or 1828 Café. No need to carry cash! For more information, contact Dining Services at (618) 537-6985.

PUBLIC SAFETY

To ensure the safety of members of the University community, McKendree maintains a staff of Public Safety officers. The Office of Public Safety is located at 802 College Road, and public safety officers patrol the campus 24 hours a day, year-round. Public Safety officers are responsible for maintaining a safe and orderly environment on campus; assisting members of the University community as needed; responding to emergencies, including fire alarms, inclement-weather alarms, and other incidents; and enforcing University policies and regulations.

Public Safety may be contacted by telephone at (618) 537-6911 or (618) 792-3500. When leaving a message for Public Safety, please include your name, location, and a phone number where you can be reached.

Public Safety is responsible for enforcing University policies and regulations directly affecting the maintenance of a safe and secure environment on the campus. It is the responsibility of all members of the University community to know and understand the University's policies and regulations, as outlined in this Handbook. It should also be noted that any actions prohibited under local, state, or federal law also violate University policy, and public safety officers are required by law to intervene in such cases.

McKendree University has employed video surveillance cameras in some places to enhance the safety and security of students, employees, and property. The primary intent of these video surveillance cameras is to enhance safety and security, discourage behavior that violates laws or policies, and secure evidence that increases the likelihood of identifying offenders through post-incident crime investigations. Viewing of video surveillance camera footage (live or recorded) will be conducted only by authorized personnel.

The privacy of our community members is a fundamental principle in the design and implementation of the use of video recording on campus, including compliance with the State of Illinois Biometric Information Privacy Act. Cameras are only placed in academic, administrative, and residential buildings' common areas, hallways, entrance points, and outside. Areas where there is an expectation of privacy, such as bathrooms or locker rooms, are never covered by the video surveillance camera. These cameras are not monitored 24/7.

Campus safety and security are community responsibilities. Public safety officers rely upon others in the community to cooperate by reporting all incidents and activities that might cause injury to others or property and by behaving in a manner consistent with the University's policies and regulations. Students and others can also reduce the risk of becoming involved in incidents by taking some simple precautions:

- Exercise caution when walking on campus, especially at night. When possible, travel in groups, and always keep an eye out for strangers when walking on campus.
- Drive carefully. Be extra cautious while driving in parking lots.
- Keep cars and residence doors locked. Never leave car or residence hall room doors unlocked for any reason
- Report suspicious behavior to Public Safety. If students notice suspicious people walking around campus or in the buildings unattended, they should contact Public Safety. All guests on campus must be escorted.
- Refrain from using alcohol or other drugs. Alcohol impairs judgment, awareness, and motor functions, and students are more likely to be injured or victimized. Students should remember that they are still responsible for any actions they take while intoxicated.
- Sign up for campus text alerts using the Omni Alert tile on the MyMcK webpage:
<https://mckendree.omnilert.net/subscriber.php>

The University enacts several policies designed to minimize the risk of injury and loss due to emergencies. Still, sometimes, unforeseen emergencies may occur. Students are directed to contact a residence life staff member or a public safety officer when an emergency arises. Students should also adhere to the following guidelines:

FIRE

When a fire is discovered or when a fire alarm sounds, all students must exit the building in an orderly fashion and go to the designated waiting area. If possible, students should close doors behind them as they leave. Students should also exercise caution when going

into areas where fire or smoke is present. Students should refrain from tampering with fire safety equipment since this equipment must remain in working order. Students who tamper with fire safety equipment, including entering or exiting alarmed fire doors, will be prosecuted and fined.

INCLEMENT WEATHER

When inclement weather is indicated, students are asked to follow instructions as given by personnel from Residence Life or Public Safety. Students may be required to evacuate, particularly those on higher floors of residence hall buildings. Students should exercise caution when moving around during inclement weather. When a tornado or earthquake is suspected, students should try to seek shelter away from exterior walls and take precautions to protect themselves from flying or falling debris.

THEFT

Prevention is key to avoiding personal loss due to theft. While you cannot control the behavior of others, you can take steps to minimize the risk that you will be victimized. To prevent theft, keep your room and vehicle doors closed and always locked and avoid displaying valuables openly. Students should also refrain from carrying large amounts of cash. Record your checking, savings, and credit card account numbers, and keep this information in a secure place. These accounts may then be deactivated conveniently if the need arises.

ACCIDENTS

All automobile accidents on campus should be reported to Public Safety. In case of an accident, the following steps should be taken:

1. Secure the area of the accident to ensure no one is injured entering or exiting vehicles.
2. Attend to any persons who are injured and contact Public Safety. A public safety officer will call for an ambulance if necessary. Do not move an injured victim unless you must do so to prevent further injury.
3. Work with the public safety officer on the scene as he or she writes the accident report. The officer will then help share registration/insurance documentation among the parties involved.

The University assumes no liability for damages to a vehicle due to weather, sporting events (foul balls), or vandalism. A student's insurance policy should be consulted in those situations.

TRANSPORTATION

PARKING

Campus parking is available for your convenience; however, the University is not responsible for damage or theft to vehicles or contents. All parking lots are subject to all city, state, and federal laws or ordinances.

People parking in campus parking lots are required to register their vehicles with the Public Safety Office. Information needed to complete the registration includes the following:

1. Student, Faculty, or Staff ID number
2. Driver's License
3. Vehicle information (manufacturer, model, year, color, and license plate number)

Parking stickers can be picked up at the Office of Public Safety at 802 College Road with your McKendree ID and your driver's license. If the office is locked, contact (618) 537-6911 or (618) 792-3500 to arrange for an officer to meet you at the office.

Parking stickers are designated as follows:

1. White stickers are issued to faculty and staff.
2. Purple stickers are issued to students.

There is no fee for parking registration.

Parking lots are named alphabetically and have signs designating the authorized stickers for that lot. Vehicles with white stickers can park in any campus parking lot. Purple-stickered vehicles may park in the following lots: C, D, E, F, G, H, I, and J.

Parking lot speed limits are designated at 5 miles per hour unless otherwise posted.

Following the ADA (Americans with Disabilities Act), parking spaces have been reserved for persons with disabilities. If you have a disability, state law (625 ILCS 5/1-159.1) mandates that you display the pertinent information either by state-issued license plate or hanging tag which is properly displayed. Anyone parking in violation in these spaces is fined at least \$250.00 (625 ILCS 11-1301.3c). Local municipalities may increase the fine to \$350.00. Note: Injured persons are not considered disabled unless they procure the appropriate designation from their doctor and their respective State Department of Motor Vehicles (for Illinois the Department of Motor Vehicles helpline is 1-800-252-8980). The Public Safety Office is not authorized to grant any exemptions to this law.

Parking lots may occasionally be reserved for special activities of the University. Generally, advance notice of the reserved locations and times will be published to the campus community by email. Individuals normally parking in lots reserved for special activities should make other parking arrangements while the lot is reserved. Vehicles parked in restricted areas (e.g. reserved parking lots, parking spaces, fire lanes, bus stops, etc.), unregistered vehicles, or vehicles that are parked in violation of parking regulations are subject to being towed without warning at the owner's expense. If you need to use a different vehicle on campus for a short time, you may register that vehicle for a temporary parking pass.

PARKING CITATIONS

Parking citations or warnings may be issued when a vehicle is parked or driven in violation of University parking rules and regulations. It is the Public Safety officer's discretion to cite or warn. The Office of Public Safety is authorized to enter or tow motor vehicles from university property at the owner's expense when the vehicle violates parking regulations. University fines and corrective action may be required before the release of a vehicle from impound. If parked in a fire lane, roadway, or other space where access by an emergency response vehicle may be restricted, the abandoned vehicle may be towed by Public Safety.

Parking citation fines are \$50.00, except when the violation is in a handicap parking space (see information above). Fines are billed directly to a faculty/staff/student account. Fines are paid at the University Business Office in Wildy Hall during regular business hours.

Visitors on campus who receive tickets can mail payment to McKendree University Business Office, 701 College Road, Lebanon, IL 62254.

Should you wish to contest the validity of a parking citation, you may complete the Ticket Appeal located on the Public Safety webpage at: <https://mckendree.jotform.com/232914240415044>. Once a citation has been issued, the officer no longer has the discretion to change the ticket, and the appeal process must be completed according to policy. Citations may be appealed within 10 business days from the time the citation was issued.

ABANDONED VEHICLES

When Public Safety determines that a vehicle is derelict, abandoned, no longer in working order, or otherwise creating a hazard, Public Safety will make a reasonable attempt to locate the owner and request that the vehicle be moved off campus. If the owner refuses to move the vehicle or if no owner can be identified, the vehicle will be towed, and the registered owner will be responsible for towing and storage charges.

Disabled or otherwise immobile vehicles will be considered "abandoned" after 30 days and subject to tow at the owner's expense.

PERSONAL TRANSPORTATION DEVICES

Personal transportation devices, including Segways, mopeds, unauthorized golf carts, ATVs, and other motorized personal transportation devices, are prohibited.

All abandoned personal transportation devices, such as bicycles, skateboards, roller skates, and other similar wheeled vehicles, must be removed from campus at the end of the spring semester every year. Personal transportation devices left on university property for more than five (5) days following graduation will be considered abandoned property. These devices will be impounded and disposed of by the Office of Public Safety.

This policy does not prohibit the use of motorized wheelchairs or other devices authorized by the University to accommodate individuals with disabilities or special needs.

OTHER NOTABLE INFORMATION

1. Parking in Circle Drive at the Fountain is prohibited.
2. Parking in the Ames Loading Dock area (rear of the building) is prohibited.
3. Parking on the grass, over painted lines, or in areas not normally designated for parking is prohibited, except when authorized by Public Safety.
4. Failure to register a vehicle at the Public Safety office or fraudulent use of the registration process can result in fines of \$100 and/or towing of the vehicle at the owner's expense.
5. Students who show a continual disregard for parking and/or driving regulations (e.g., criminal damage to property, excessive unpaid citations, etc.) risk losing their privilege of having a vehicle on campus. Vehicle rights may be revoked by the Vice President for Student Affairs upon recommendation by the Office of Public Safety.

PUBLIC TRANSPORT

For transportation around McKendree University, please use the Bogey Bus, our campus transportation system.

MCKENDREE UNIVERSITY

CODE OF STUDENT CONDUCT

The mission of the Office for Student Affairs is as follows:

We help our students understand that learning is a holistic and ongoing experience that integrates classroom knowledge with out-of-class educational opportunities. Students are encouraged to grow and develop through participation in programs, services, and a living environment that promotes self-actualization through action, reflection, and emotional engagement. Ultimately, our objective is to graduate students who are prepared for leadership and productive citizenship and who can effectively function in and contribute to an increasingly diverse, technologically advancing, and more complex national and international society.

This section of the Student Handbook contains the McKendree University Code of Student Conduct. The Code helps foster the pursuit of knowledge and provides a judicial process that ensures fairness to students who are alleged to have violated University regulations.

GENERAL PURPOSE

McKendree University is committed to an educational and developmental conduct process that balances the interests of individual students with the interests of the University community. A University, like any community, must have regulations and/or standards by which its members abide and procedures by which its organization functions. The Student Handbook and this Code of Student Conduct intend to serve these purposes in the interest of all segments of McKendree University.

The University Code of Student Conduct establishes a judicial process that is fair and equitable to students who may have violated the regulations of the University and that issues responsibility to those who violate those standards, rules, and/or policies. This is achieved by utilizing thorough, neutral, and impartial practices and generating prompt resolutions. The student conduct process at the University exists to protect the interests of the community and to challenge those whose behavior does not align with our policies.

The Code of Student Conduct outlines these behavioral standards for students and student organizations. The Code intends to educate students about their rights and responsibilities while promoting holistic development, self-worth, and mutual respect for all members of the University community. Students should be aware that the student conduct process is not a criminal or civil court proceeding. Students and student organizations are responsible for actions that constitute misconduct and violate the Code of Student Conduct. Any student or student organization found responsible for misconduct may be subject to university sanctions.

No student shall be found in violation of university policy without sufficient information and evidence that show that it is more likely than not that a policy violation occurred. Any sanctions will be proportionate to the violation's severity and to the student's cumulative conduct history. Sanctions are chosen to challenge students' moral and ethical decision-making and to bring their behavior in line with community expectations and values. When a student is unable to adhere their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students are responsible for knowing the information, policies, and procedures outlined in this document. Students agree to abide by the standards, rules, and/or policies set forth in the Student Handbook, the Code of Student Conduct, the Undergraduate and/or Graduate Catalog, and other official University publications. Student organizations also agree to follow these standards, rules, and/or policies.

The University or its representatives may amend this document at any time without notice. Once changes are posted online, they are in effect. Dissemination of changes to the Code of Student Conduct by electronic notification outlets and/or official campus publications also informs students of updates.

STUDENT RIGHTS AND RESPONSIBILITIES

All McKendree students are afforded specific rights and responsibilities as part of the university conduct process. Information gathered during the conduct process may only be shared with faculty, staff, students, and/or advisors directly involved in the incident or necessary to the student conduct process. The University may also disclose gathered information to comply with a judicial order or lawfully issued subpoena.

It is the student's responsibility to:

1. Be responsive to all correspondence from the University in a timely manner;
2. Provide information relevant to the incident or situation;
3. Be honest and provide true and accurate information during the conduct process; and
4. Review the Code of Student Conduct to fully understand all aspects of the conduct process.

A student has the right to:

1. Be subject to a prompt, fair, and equitable process.
2. Be accompanied by an advisor to any Judicial Meeting.
3. Refrain from making any statement relevant to the investigation. Students are expected to cooperate with the University conduct process but may elect not to participate, either in part or entirely. However, once a student has refused to participate in the conduct process, whether in whole or in part, they lose the option of providing information for the duration of the conduct process.
4. Provide information and evidence in support of their case.
5. Know if they have been issued any allegations of misconduct.
6. Know the range of sanctions that may be imposed for a conduct violation, if one is found responsible.
7. Know the McKendree University conduct policies and procedures, and where to find them.
8. Know that any information provided by a person(s) involved in the investigation may be used in the conduct process.
9. Know that if a student makes any false or misleading statements during the conduct process, that student could be subject to further judicial action.

The Student Affairs website gives students at the University an electronic copy of the Code of Student Conduct annually as a link. Students are responsible for reading and abiding by the Code of Student Conduct.

STATEMENT ON NONDISCRIMINATION

McKendree University is also committed to enhancing the cultural and gender diversity of the University.

Students and employees, including applicants, who believe they may have been discriminated against, may contact the University's Compliance Officer at the university's address or by telephone at (618) 537-6533 or they may contact the Equal Employment Opportunity Commission or the Illinois Department of Human Rights. McKendree University is also authorized under federal law to enroll non-immigrant alien students. McKendree University supports the "Eight Keys and the Principles of Excellence for Serving Veterans" published by the U.S. Department of Education and complies with the Uniformed Services Employment and Reemployment Rights Act.

THE CONDUCT SYSTEM

RESPONDENTS, COMPLAINANTS, AND APPELLANTS

Throughout the Code of Student Conduct, several terms are used to refer to the participants in the judicial process. The **Respondent** is the student alleged to have committed the violation. The **Complainant** is the party who reported the alleged violation or against whom the alleged violation was committed. An **Appellant** is a Respondent—or, in cases involving sexual misconduct, possibly a Complainant—who has requested an appeal.

ORGANIZATION

The authority to enact and enforce University regulations is vested in the Board of Trustees, the President of the University, and any university officials to whom the President delegates such authority. The Provost's Office and the Office for Student Affairs are the principal agencies for the administration of student conduct. Officials from these university offices, and their designees, are selected to oversee the investigation of allegations of student misconduct.

The following personnel and committees oversee the conduct system:

THE OFFICE FOR STUDENT AFFAIRS

The Office for Student Affairs is the principal agency for organizing all conduct procedures. The Vice President for Student Affairs & Dean of Students designates University staff as Conduct Officers to oversee the university conduct process.

CONDUCT OFFICERS

Conduct Officers are trained administrators designated by the Vice President for Student Affairs whose role is to conduct a thorough, reliable, and impartial investigation; to make decisions of responsibility; and to assign sanctions, when appropriate, in a judicial meeting. In cases involving allegations of Title IX Sexual Harassment, the Title IX Coordinator or the Deputy Title IX Coordinator will provide an Investigator and Hearing Officer/Panel to adjudicate.

FACULTY ACADEMIC INTEGRITY COMMITTEE

The Faculty Academic Integrity Committee is comprised of trained University faculty members whose role is to uphold the academic standards of the University in all matters involving academic integrity, including, but not limited to, cheating, sabotage, duplicate submission, and plagiarism. The McKendree University Academic Integrity Judicial Procedures are in the undergraduate and graduate course catalogs.

SEXUAL HARASSMENT

The Title IX Coordinators oversee cases of Title IX policy violations involving discrimination based on sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, sex-based harassment, sexual assault, dating and domestic violence, and stalking. Cases are referred to an Investigator and Hearing Officer/Panel. Sexual Harassment cases not meeting the criteria for a Title IX policy violation will be handled through the Student Code of Conduct process.

CONDUCT BOARD ("THE BOARD")

The Board is comprised of three trained faculty/staff members representing the University community. The Board adjudicates judicial cases not related to academic or Title IX policy violations but with concerns that may lead to suspension or expulsion should the Respondent(s) be found responsible for policy violations.

ADVISORS

An advisor of the student's choosing may accompany the student throughout all aspects of their case and to all Judicial Meetings. An advisor can be any one of the following: (1) a member of the McKendree community (faculty, staff, or student), (2) a support coordinator, (3), a parent or legal guardian, (4) a relative, or, in situations involving criminal legal proceedings, (5) an attorney. An advisor may not speak, be a witness, or otherwise participate on behalf of the student. An advisor's role is that of support – they do not have an active, participatory role in the conduct process. If an advisor for the student is an attorney, an attorney for the University must also attend the judicial meeting on behalf of the University. Communication concerning all aspects of the case goes directly to the student. Advisors must sign a FERPA waiver.

Students should select an advisor whose schedule allows attendance at the scheduled date and time for the Judicial Meeting(s), as delays will not be allowed due to the scheduling conflicts of an advisor, except at the discretion of the Conduct Officer upon written request five (5) business days in advance of the scheduled meeting date.

STUDENT LEGAL COUNSEL

If a student chooses to seek legal counsel about their conduct proceedings, they may do so under the following circumstances:

1. The University is being represented by legal counsel; and/or
2. The alleged policy violations could result in civil or criminal charges against them.

Legal counsel can be present at the meeting and may advise the student of their rights and responsibilities relative to possible civil action but may not otherwise participate in the campus judicial meeting. If a student chooses to be represented by legal counsel, or a non-legal representative, they must submit the Legal Counsel Request Form (which can be obtained in the Office for Student Affairs) to the Office for Student Affairs five (5) business days in advance of the scheduled meeting date. Conduct Officers or the Office for Student Affairs will provide the form at the students' request.

JURISDICTION

STUDENTS

The Code of Student Conduct applies to any individual admitted into an undergraduate or graduate course or an online program at McKendree University. The Code applies to any student behavior from the time of admission through the University's confirmation of graduation. The University maintains conduct authority over students for any misconduct that occurred before a leave of absence, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to reenroll, obtain official transcripts, and/or graduate. All sanctions must be satisfied before re-enrollment.

OFF-CAMPUS CONDUCT

When alleged violations of university regulations or local laws take place off-campus and come to the university's attention, the university reserves the right to take appropriate action when, in the judgment of university officials, the alleged conduct has a negative impact on the university community, the pursuit of its mission, or the broader community in which we live. This system will not, however, be utilized to settle lease agreement disputes between property owners and off-campus student tenants.

LAWS AND STATUTES

The university and members of its community are also subject to all local, state, and federal laws. Alleged violations of local, state, or federal laws and statutes that occur on or off campus are also considered violations of the Code of Student Conduct and may be subject to internal university investigation, review, and action, in addition to any action by the proper civil authorities. Each member of the community is individually responsible for being informed of the law. Ignorance of local, state, or federal law does not constitute an excuse for prohibited conduct.

STUDY ABROAD

Committing a violation can affect a student's status of good standing with the university and jeopardize their ability to participate in a study abroad program. As such, a student who plans to study abroad must notify the university's Manager of Community Education immediately of any pending conduct matter.

SUMMER

The Office for Student Affairs will determine the most appropriate way to handle violations during the summer months (May-August). During Summer Sessions, or while students are living in Summer Housing, the Office for Student Affairs may resolve any student conduct incident through a Judicial Meeting.

STUDENT ORGANIZATIONS

The Code of Student Conduct applies to the behavior of university student organizations, including athletic organizations and/or teams, and their members. The Office for Student Affairs will determine the most appropriate manner to handle alleged violations concerning student organizations and/or teams through the conduct process. A finding of responsibility for a student organization and/or team does not indicate the finding of responsibility for individual members. However, individual members may be subject to an individual conduct process separate from the student organization.

ONLINE AND/OR ELECTRONIC

The Code of Student Conduct may apply to behavior conducted online via email or other electronic mediums. Students should also be aware that online and/or phone application postings, such as blogs, web postings, chats, and social networking sites or apps, are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations exists online. The university does not regularly search for this information but may act if, and when, such information is brought to the attention of university officials.

GUESTS

The Code of Student Conduct applies to guests and community members; hosts will be held accountable for the misconduct of their guests. The Code may also apply to overnight recruits and campers. Visitors to and guests of the university may seek resolution of violations of the Code of Student Conduct committed against them by members of the university community.

FILING A COMPLAINT OR INCIDENT REPORT

Anyone wishing to file a formal complaint against a McKendree University student or report an incident involving McKendree or its students, faculty, staff, or guests, may contact the Office for Student Affairs or the Office of Public Safety.

Contact the Office for Student Affairs:

- In-Person: 111 Clark Hall
- Telephone: (618) 537-6555

Contact the Office of Public Safety:

- In-Person: 802 College Road
- Telephone: (618) 537-6911

Students may also complete an online incident report form. The [Incident Report Form](#) is located under the My McK portal. The report should describe the action or behavior in question.

Prompt reporting may aid in the investigation. However, there is no time limit imposed as to when a formal complaint may be initiated against a current student, provided they were a McKendree University student at the time of the alleged incident.

Student organization leaders, members, and/or advisors are encouraged to self-report organization or member behavior, including future events that may be considered violations of McKendree policy.

Note: The Office for Student Affairs reserves the right to pursue judicial action on behalf of the university if the original Complainant chooses not to initiate or pursue an action, or one was not identified or present for the incident.

REPORTING CRIMINAL OFFENSES

Some instances of student misconduct may also constitute a violation of state, federal, and/or local laws. Students have the option to report misconduct to the university, local law enforcement, or both. McKendree administrators can assist students in making a report to law enforcement.

ENTRY, SEARCH, AND SEIZURE

University personnel may enter and/or search any university-owned or operated buildings, including housing, as well as vehicles or individual property on university property, under any one of the following conditions:

1. There is reason to believe that the area is being used for illegal purposes;
2. There is reason to believe that the area is being used for a purpose that violates University policy;
3. There is reason to believe that the area is being used for a purpose that violates health or safety regulations;
4. With the consent of a student of that area; or
5. When specifically authorized by the Vice President/Asst. Vice President for Student Affairs, Asst. Directors of Residence Life, or Asst. Dean of Student Success, or designee.

Law enforcement officers possessing proper legal documents also have the right to search housing assignments; whenever possible, a representative of the university will accompany the law enforcement officer conducting the search.

SEARCH PROCEDURES

The search of a student's housing assignment, vehicle, individual property, etc. shall be conducted by an administrative staff member of the Office for Student Affairs or another appropriate person designated by the official authorizing the search. A Public Safety Officer will accompany the administrative staff member whenever possible.

Authorization should specify the reasons for the search, and officials should notify the student, if present, regarding the purpose and authorization of the search. Officials make a reasonable effort to ensure that a student belonging to the area is present during the search.

PUBLIC EVENT SEARCHES

The university has the discretion to conduct mandatory bag checks and/or pat-down checks of persons entering any university activities, such as sporting events or performances. Prohibited items will be confiscated, and those individuals may be referred to the university conduct system for disciplinary action or further investigation by the Office of Public Safety, or other enforcement agencies.

All students, faculty, staff, and guests of McKendree University are responsible for obtaining information on prohibited items. Individuals who refuse to allow such searches will be prohibited from entering the event and no refunds will be provided.

SEIZURE

Any item that violates university policies or creates a health or safety risk may be confiscated anywhere on university premises. Confiscated items will be disposed of by university staff immediately with some possible exceptions to the policy as stated below.

In certain cases, confiscated items may be held by the Office of Public Safety pending disposition of any criminal investigation or Student Affairs disciplinary process. If illegal drugs, drug paraphernalia, weapons, or other items of evidence are confiscated, such items will be subject to destruction by the Office of Public Safety or other law enforcement agencies upon disposition of the case.

The Office of Residence Life may hold some property for return (typically but not limited to property that violates the Electronic Appliances and Equipment Policy). Any confiscated items held by the Office of Residence Life may be returned when a Conduct Officer permits the owner to retrieve them. Confiscated items not retrieved within thirty calendar days of the case's outcome will be disposed of or donated by the Residence Life staff.

STANDARD AND BURDEN OF PROOF

STANDARD OF PROOF

The 'standard of proof' refers to the amount of information needed to establish a violation of policy. The University utilizes the "Preponderance of Evidence" standard, which requires that a policy violation is more likely than not to have occurred. This standard of proof is not the same as the criminal standard of "Beyond a Reasonable Doubt," for which more substantial evidence is required. The University takes on the perspective of a "reasonable person" when determining whether the standard of proof was met.

BURDEN OF PROOF

ADJUDICATION

In cases that do not involve allegations of Title IX Sexual Harassment, the burden of proof rests on the Respondent to present persuasive information, consistent with the applicable standard of proof, to establish the violation of the Code of Student Conduct did **not** occur.

In cases that involve allegations of Title IX Sexual Harassment, the Conduct Officer will determine if a violation occurred based on the applicable standard of proof and the information submitted.

STUDENT AND GROUP(S) JUDICIAL MEETING PROCESS

The following is an overview of the complaint resolution process for alleged conduct violations. The Office for Student Affairs will determine the most appropriate manner to handle each individual complaint. This section refers to alleged violations of the Code of Student Conduct; for the hearing process for Title IX, please reference the Title IX Sexual Harassment Policies & Procedures.

NOTICE OF INVESTIGATION

When information indicates that certain, identifiable student(s) are associated with the reported incident, those student(s) will be asked to meet with a Conduct Officer or Conduct Board. Students have a maximum of 2 business days (unless otherwise stated in official communication) to respond to a request to meet with a Conduct Officer or Conduct Board. Meetings are scheduled around a student's published academic schedule, and students may request their meeting be rescheduled in the event of unavoidable conflict. Should a student need to reschedule an appointment, they must do so at least 24 hours before the scheduled meeting time. The University will make all reasonable efforts to accommodate student scheduling conflicts but will not permit unreasonable delays in the Conduct Process.

The University deems a student sufficiently notified once written notification is 1) sent to the student's officially assigned McKendree University email address; 2) delivered via Certified Mail to the student's last known address; or 3) personally delivered to the student. University email is the University's primary means of communication with students; however, the University advises students to keep their most current local address, permanent address, and local telephone number updated with the Office of Academic Records. Students are responsible for all communication delivered to their university email address.

If a student fails to respond to written notification of a meeting, it may be completed in their absence. Failure to comply with or respond to a notice and/or failure to appear will not prevent a Conduct Officer or Conduct Board from proceeding with the conduct process without the student's presence unless the potential outcomes include suspension or expulsion from the University. The failure of a student to respond to the notification to appear may result in additional violations.

STUDENT ORGANIZATIONS

Student organizations are provided notice through the organization's spokesperson via the notification procedures described above. In most cases, the organization's spokesperson is the President of the organization. However, organizations may appoint an alternate spokesperson to formally represent the organization. A student organization spokesperson must be a currently enrolled McKendree University student who is a member of the responding organization at the time of the alleged policy violation. The spokesperson may not be an alumni advisor, chapter advisor, faculty/staff advisor, national or international headquarters volunteer/staff member, or coach. Student organizations may only appoint one spokesperson for each case and must inform the University if the appointed spokesperson is not the President of the organization.

JUDICIAL OUTCOME

The judicial outcome is the resolution of a case by a Conduct Officer, or the Conduct Board as designated by the Office for Student Affairs. The Conduct Officer or Conduct Board can find a student responsible for violations of the Code of Student Conduct and assign sanctions. The Conduct Officer or Conduct Board must:

1. Notify the Respondent of the charges against them; and
2. Allow the Respondent to offer their perspective on the allegations through a meeting and/or written statement. *

* Students may only submit a written statement in place of a meeting with permission of the Conduct Officer. Written statements are not permissible for Conduct Boards due to the gravity of the allegations.

CASES RESULTING IN SUSPENSION OR EXPULSION

The Office for Student Affairs will refer a case to the Judicial Hearing Board when the allegations may result in suspension or expulsion, should the Respondent(s) be found responsible. However, in situations where the student's disciplinary status is a Zero Tolerance Probation, the Dean of Students, a designee of the Dean of Students, or the Hearing Board may act as the Conduct Officer.

TIMEFRAME FOR RESOLUTION

Consistent with its educational mission, the Office for Student Affairs is committed to the timely resolution of all student conduct matters. Under **most** circumstances, the Office for Student Affairs, or, when applicable, the Office of Residence Life, will notify the Respondent(s) that a hearing is pending within fifteen (15) business days of the allegation(s) being reported. Hearings will be resolved within a reasonable amount of time from when the allegations were first reported to the University.

PROTECTIVE MEASURES AND REMEDIES

The Office for Student Affairs may determine that protective measures and/or additional remedies are necessary and appropriate to protect and support all parties and the university community. To ensure equal access to the university's educational programs and activities for all students, protective measures and/or the implementation of additional remedies before, during, and after the processing of a student conduct complaint may be enforced.

Since protective measures are intended to protect and support all parties involved in the student conduct process, considerations of such measures are not accounted for in sanctions and may be implemented regardless of a finding of responsibility. The Office for Student Affairs may determine the most appropriate protective measures and/or remedies to implement for each specific incident. The Office for Student Affairs may also refer individuals to other offices at the university to discuss protective measures and/or remedies outside the purview of the Office for Student Affairs.

Protective measures and/or remedies for individual students may include, but are not limited to:

- No Contact Orders
- Temporary housing and dining changes
- Work Study employment accommodations
- Temporary course changes
- Medical and counseling services
- Academic support services and accommodations
- Co-Curricular programs and activity adjustments
- Additional training and education

INTERIM SUSPENSION

If a Respondent appears to pose a risk of danger or disruption to the community or any individual, they may be suspended from the university through an interim suspension. A student on interim suspension is prohibited from being on campus and is completely separated from all university-sponsored activities, facilities, and grounds. An interim suspension is distinct from protective measures and remedies, since a student may never be removed from campus because of a protective measure or remedy.

- This action does not require an admission of responsibility on the part of the Respondent.
- The decision to impose interim suspension lies solely within the non-reviewable discretion of the Vice President of Student Affairs.
- Within two (2) business days of issuing the interim suspension, Respondents are provided an initial notification of policy violations.
- The Office for Student Affairs will schedule a Conduct Board as soon as reasonably possible after the initial presentation of the Notice of Charges to the Respondent.
- Pending the Conduct Board, an authorized administrator can modify the conditions of the interim suspension. Additionally, upon the conclusion of the Judicial Meeting, the terms of the interim suspension may be modified, consistent with the Conduct Board's determination.

STUDENTS INVOLVED IN MULTIPLE INCIDENTS

When a Respondent is involved in more than one related incident occurring within a short timeframe, the matter may be handled as a single case. A consolidated meeting may be held to determine responsibility in the incident multiple incidents and sanctions may reflect compounding levels of responsibility.

WITHDRAWAL PRIOR TO RESOLUTION

A student facing an alleged violation of the Code of Student Conduct may have a hold placed on their student account requiring them to contact the Office of Student Affairs to request permission to re-enroll to the university. The investigation into alleged conduct violations may continue regardless of the student's withdrawal or choice to participate in the investigation.

DEFINITION OF VIOLATIONS

The following is an overview of behaviors that conflict with the university's community standards. It should be noted that:

- Attempts to commit a violation will be deemed as serious as actually committing the act;
- When it is determined that a violation occurred at a university residence, all residents may be held accountable unless compelling information, as determined by the Conduct Officer or Conduct Board, is presented during the meeting;
- Unless specifically stated within the definition of a violation, intent is not an element in determining responsibility, but it will be considered in the application of sanctions; and
- Notification of conduct violations may be sent to appropriate university officials.

Consistent with community standards, the following behaviors are considered violations of the Code of Student Conduct. Sanction determination is at the discretion of the Conduct Officer or Conduct Board and is completed on a case-by-case basis.

1.00 DISRUPTIVE BEHAVIOR

- a. A violation of any local, state, or federal laws may be considered a violation of the Code of Student Conduct, regardless of whether the violation is prosecuted in a court of law. Exoneration from criminal charges will not result in immunity from civil action or university proceedings.

- c. No person(s) shall obstruct the free movement of other persons and/or vehicles on university property.

5.00 WEAPONS AND PROP WEAPONS

The possession, use, or display of weapons and/or prop weapons on university property is restricted unless, 1) in the possession of an authorized individual, as defined by the university and federal, state, and local law, 2) permission has been secured from the Office of Public Safety to store a concealed firearm within a private vehicle, 3) the weapon or prop weapon is registered and stored in a weapons storage facility by the Office of Public Safety, or 4) prior authorization has been obtained in writing from the Director of Public Safety. These restrictions apply to all members of the university community. *

Definitions of weapons and/or prop weapons are:

- a. Handguns, rifles, and shotguns

Such vehicles containing stored weapons must be registered with the Office of Public Safety and must be parked in a designated parking area. THE UNIVERSITY DOES NOT ASSUME ANY RESPONSIBILITY FOR PARKED OR UNATTENDED VEHICLES OR THEIR CONTENTS.*

No persons shall possess, store, mix, or experiment with any materials that have the potential to cause injury or to threaten a person's life or safety, including, but not limited to: explosives and fireworks; laboratory chemicals, dangerous compounds, acids, etc; propane, gasoline, and other flammable petroleum fuels; and fire starters such as matches, lighters, Zippo, torches, etc.

7.00 SMOKING AND TOBACCO-FREE CAMPUS

The University is committed to providing a reasonably safe and healthy living/learning/working environment for the faculty, staff, students, vendors, and visitors by minimizing the negative effects of secondhand smoke, improving fire safety, and encouraging a more sustainable environment. Also, Illinois raised the legal age to possess and consume tobacco to 21 years of age. Therefore, smoking, using non-combustible tobacco products, and using non-FDA-approved nicotine delivery devices and products are prohibited in university-owned or operated facilities, both indoors and outdoors, and in university-operated vehicles.

- a. Those found in university housing using or possessing **ANY** tobacco or nicotine products (including those with approval from the FDA) will be subject to disciplinary action and fines associated with the removal of the smell of smoking from walls, furniture, etc. This is a complete prohibition of any smoking products, paraphernalia (defined as any device used in the consumption of tobacco or nicotine) or container. The University reserves the right to hold students responsible for their behavior.

9.00 CANNABIS

Students and their visitors are expected to adhere to all policies and laws related to cannabis as outlined here in the McKendree University Student Handbook or by the federal government, the State of Illinois, St. Clair County, and the City of Lebanon. The Illinois Cannabis Regulation and Tax Act (CRTA), authorizing individuals over the age of 21 to recreationally use cannabis in the state of Illinois, does not change this prohibition or authorize a student to use cannabis on university-owned, including housing, as well as vehicles or individual property on university property, or operated property. Federal law, including the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act, continues to prohibit cannabis. Thus, cannabis use, possession, production, manufacture, sale, possession with intent to sell, trafficking, or distribution, even if in compliance with CRTA, is prohibited on campus.

9.10 Cannabis Prohibition

The use, possession, production, manufacture, sale, possession with intent to sell, trafficking, or distribution of cannabis, cannabis products containing THC, and synthetic cannabinoid products is not permitted on university-owned or operated property. Many products advertised as CBD can also contain THC. The federal government states that any product containing more than 0.3% THC is to be considered marijuana. This will also constitute a violation of this policy.

Examples may include Driving Under the Influence (DUI), being assessed as intoxicated in public, and underage possession/consumption. For cannabis such as public consumption, which is illegal such as in streets, parks, etc. It is illegal to consume cannabis in any vehicle (moving or not) and operating a vehicle under the influence of cannabis is illegal.

12.00 21+ Approved Housing Policy

McKendree University encourages students to make responsible decisions concerning the possession and consumption of alcoholic beverages. The University recognizes that some students who are of the legal drinking age as determined by the State of Illinois (21 and over, aka 21+) desire to take part in the use of alcohol. The 21+ Approved Housing Policy seeks to allow students who are 21+ the freedom to make their own choices about alcohol consumption while promoting responsible behavior and continuing to foster a safe and welcoming environment.

12.30 Community Wellbeing Requirements

To maintain a social atmosphere that is free of coercion for those who choose not to drink, a climate in which alcohol is not the focus must be maintained for community well-being.

1. Alcohol consumption is limited to the interior of the apartment; there should be no alcohol consumption in public areas (stairwells, landings, etc.) or outside areas (patios, porches, etc.). Students' apartment doors must be shut when consuming alcohol.
2. Students must not promote excessive use of alcohol through any means.

3. While transporting alcohol to and from an approved location, alcohol should be both sealed (unopened/unexposed) and discreetly packaged.

12.40 Confiscation of Alcoholic Beverages

Entry, search, and seizure will follow the guidelines established in the McKendree University Student Handbook. During confiscation, all alcohol will be seized, and the open containers will be discarded by university staff with no eligibility for a refund. Confiscation will occur in the following situations:

1. Any person under 21 is present while alcohol is open
2. Any person who cannot provide their valid identification card with their birthdate.
3. Any person who is publicly intoxicated which is demonstrative by affected manner, disposition, speech, muscular movements, and/or general drunken appearance or behavior as apparent to a reasonable person
4. Any space where the maximum number of people allowed in a housing area (12) has been exceeded

12.50 Consequences and Follow-Up

It is the responsibility of the student to review the University's alcohol-related policies and initiate, maintain, and complete the 21+ Approved Housing eligibility requirements. Consequences for violation of this policy will include:

1. The staff will seize all alcohol present. Open containers will be disposed of. Unopen containers will be labeled and moved to storage. The staff will also document the situation.
2. Adjudication will commence through the Student Conduct process, see the Code of Student Conduct for the Resolution of Complaints. The apartment's 21+ Approved Housing Status will be temporarily revoked until the judicial meeting's outcome and appeal are completed.
3. If residents are found responsible for an alcohol policy violation, they will be relocated to another residential building.

12.60 The Illinois Social Host Law

The [Illinois Social Host Law](#) place greater responsibility on those who host underage drinkers. Specifically, the law provides that a person is guilty of a Class A misdemeanor who authorized or allows underage individuals to possess or consume alcohol in the person's residence. This means that if you host a party – even if it is BYOB – where you know there is underage drinking happening, you could be arrested and fined between \$500 and \$2,500.

Additionally, if a violation of this law directly or indirectly results in "great bodily harm or death" to any person, the social host is guilty of a Class 4 felony. This means a minimum of one year in jail, among other serious penalties.

A student who knows that their roommate, another person, or a group is engaging in an ongoing or serious violation of University policy is expected to report the conduct to an appropriate University official. A student may be held accountable under this policy when the student knowingly permits, assists, conceals, or fails to report such conduct.

18.00 DESTRUCTION OF PROPERTY

Approved animals may still be subject to various rules and/or guidelines per the university's Assistance Animal Policy.

24.00 FIRE EQUIPMENT AND ALARMS

- a. No person(s) shall disregard a fire alarm signal or refuse to evacuate a university-owned or operated building when a fire alarm is activated.
- b. No person(s) shall operate or trigger any mechanical or electrical apparatus, or a combination thereof, to create a false alarm.
- c. No person(s) shall, without authorization, operate or tamper with any fire safety equipment, except for use in emergencies and for such purposes for which the equipment was intended.

25.00 CANDLES AND INCENSE

The use of candles, candle warmers, oil lamps, incense, and/or open flames of any type (including birthday cake candles) are fire hazards and are prohibited in any university-owned or operated building. Possession or use of one of these items poses a significant fire hazard and can result in confiscation.

- a. Possession of a candle with a burnt wick or used incense is a violation of this policy and can result in confiscation.
- b. Bulb candle warmers are the only type of candle/wax warmers allowed on campus.

26.00 ELECTRICAL APPLIANCES AND EQUIPMENT

- a. Approved appliances for use in student rooms include clocks, radios, computers, stereos/speakers, fans, televisions, lamps, and single-cup coffee makers without a hotplate and/or stay-on heating element (700 watts or less). Students living in traditional housing or suite-style housing are not permitted electrical equipment such as toasters, crockpots, air fryers, nor those that utilize open heating elements. Students living in apartment-style housing are permitted to use everyday kitchen appliances previously listed.
- b. Students may not use the following items in any residential area: gas appliances, dehumidifiers (unless provided by the university), electric blankets, sun lamps, indoor grills, non-university-provided air conditioners or heaters, outside antennas and satellite dishes, non-university-provided washing machines and dryers, smoke machines, hoverboards, Segway scooters, drones, and other similar devices. Hazardous electrical appliances needing electrical repair or containing an open heating element are prohibited.
- c. The University reserves the right to prohibit other appliances not listed above if the item constitutes a potential risk.
- d. Tampering, altering, or rewiring electrical outlets or equipment is a fire and safety hazard and is not permitted. Overloading outlets with many appliances is also a fire hazard. Un-grounded extension cords are not permitted in residential areas. Students may use a UL-approved power strip with a built-in surge protector. Power strips may not be used in series (one connected to another).

27.00 OUTDOOR GRILLS, FIRE PITS, AND FUELS

28.00 NOISE

- a. Community living in an academic setting requires that residents respect the rights of others to study and sleep. - c. Starting at midnight the Sunday before finals, continuing through finals week, and ending when the halls close for the semester, the residential facilities and surrounding grounds are under continuous quiet hours.

29.00 VISITATION

Students living in university-owned or operated housing can have visitors 24/7 days per week with permission from their roommates unless otherwise designated by the residence hall/suite/apartment complex. Visitors are individuals who do not live in the designated room. Visitors must be escorted by a resident while inside university housing and cannot be left in a building while their host is not present. Under no circumstances will visitors be issued keys, access cards, or mattresses. The host and the visitor will both be held accountable for any policy violations, damages, and/or loss of university property.

- a. Students may host a visitor overnight in their residential assignment. However, roommate(s) should be consulted before visitors are approved to stay in the residential area. The roommate(s) should not be compelled to leave the room to accommodate a visitor. The maximum number of people allowed in a housing area is eight (8) in a residence hall room and twelve (12) in an individual suite or apartment.

30.00 COHABITATION

A visitor is any individual who does not live in the designated room. A visitor may not stay overnight in University housing for more than three (3) nights within any fourteen (14)-day period, regardless of the number of residents, rooms, or residential units the visitor stays with during that period.

Residents must obtain their roommate(s)' consent before hosting an overnight visitor. The presence of a visitor must not interfere with a roommate's reasonable use, comfort, privacy, or enjoyment of the shared living space. Repeated or extended overnight stays that create the appearance that a visitor is residing in University housing are prohibited.

31.00 SOLICITATION

- a. Solicitation (including but not limited to fundraising) by students, registered student organizations, teams, or departments on university premises or relating to a university-sponsored event is prohibited without the prior approval of the appropriate campus office.

- b. No person shall assist another individual in entering or using university facilities or property, or property owned or operated by the university, for an improper purpose, without authorization.

CONDUCT SANCTIONS

GOALS

In determining conduct sanctions, the university seeks to balance upholding community standards with aiding individual student development. Sanctions are designed to achieve the following goals:

- To reestablish order while considering the common good, which sometimes necessitates the temporary or permanent removal of the Respondent from the university community;
- To allow Respondents to reflect upon their actions and the impact of those actions on themselves, others, and the university community;
- To repair the harm for those impacted;
- To address the cause of the violation and help restore the Respondent to good standing within the university community, provided the safety of the community is not jeopardized by the individual's presence.

SANCTIONING CONSIDERATIONS

Sanctions shall not be put into effect until:

- The Respondent has received written notice of the decision of the Conduct Officer; or
- The Respondent has received written notice of the decision of the Conduct Board.

The following factors guide the range and variation of sanctions:

- The nature and severity of the incident;
 - Committing multiple violations during a single incident
 - Committing a violation in self-defense and/or defense of others
- The developmental needs of the student responsible for the policy violation;
- Any prior conduct history of the student responsible for the policy violation;
- The need to remedy the effects of the incident on others;
- The level of accountability and cooperation taken by the student responsible for the policy violation;
- The level of influence that drugs and/or alcohol may have played in the policy violation;
- The level of risk, harm, and/or trauma caused by the student responsible for the policy violation to another person, property, and/or the university community;

- Any language and/or behaviors that demonstrate bias against an individual or group because of an actual or perceived personal identity, such as, but not limited to, age, disability, ethnicity, gender, gender identity, gender expression, national origin, race, religion, and/or sexual orientation (See also: Statement on Non-Discrimination);
- Retaliatory conduct towards another person involved in the conduct process.
 - Retaliatory conduct refers to conduct that adversely and unjustifiably affects another's terms and conditions of employment, educational experience, or quality of life and that is motivated by an intent to cause physical or emotional harm because of the targeted individual's involvement in the filing or investigation of a student conduct complaint.

FAILURE TO COMPLETE SANCTIONS

Failure to complete any conduct sanction 1) by the given deadline or 2) before the student takes a leave of absence, withdraws, or graduates will have each incomplete sanction referred to a fine. As previously stated, sanctions are created to broaden a student's perspective and encourage growth and development, so fines for incomplete sanctions will be enough to motivate students to complete their sanction versus accepting the fine.

WITHDRAWAL PRIOR TO SANCTION COMPLETION

The university maintains conduct authority over students who take a leave of absence, withdraw, or graduate for any misconduct that occurred before the leave, withdrawal, or graduation. If sanctions are left incomplete after the due date, the sanctions will be referred to as a fine and the case closed, or a hold may be placed on the student's ability to reenroll. All sanctions must be satisfied before re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the university may invoke these procedures, and should the former student be found responsible, the university may re-enroll.

LIST OF CONDUCT SANCTIONS

This list of potential sanctions is provided as a guideline for Conduct Officers and members of the Conduct Board. However, the Conduct Officer or Conduct Board may deviate from the listed sanctions for sufficient reasons. Implementation of the sanction(s) will begin immediately or as assigned.

1. **Educational Sanction:** An official sanction for an educational purpose. The sanction may or may not directly correlate to the violation. Examples include meeting with University faculty or staff, presenting a program, writing a paper, etc.
2. **Disciplinary Warning:** A disciplinary warning is an official, written reprimand given to draw a student's attention to their behavior being inappropriate and not meeting university expectations required of McKendree students. If a student is found responsible for additional University policy violations, they can receive subsequent disciplinary action(s) and progressively severe sanctions.
3. **Disciplinary Probation:** A temporary status that remains in effect for a specific period and is generally considered to be the preliminary step to suspension or expulsion from the university, should the student be found responsible for additional violations. It specifies that the student is not in good judicial standing with the institution.
4. **Zero Tolerance Probation:** A status based on conduct history and severity of the infraction.
5. **Financial Restitution:** Individuals may be required to pay for the repair and/or replacement of damaged property owned or operated either by the university or individuals enrolled or employed by the university.
6. **Loss of Privileges:** A sanction that limits or removes specific privileges the student may hold within the university for a specific period.
7. **Co-curricular Activity Suspension:** This suspension can be of indeterminate length, depending on the severity of the violation. In such instances, students may continue to attend class, labs, and study in the library; they may eat meals in the Ames or Café 1828 and take care of normal administrative functions related to being a student. However, students sanctioned with a co-curricular activity suspension may not participate in athletics, club or intramural sports, non-academic music groups or organizations, clubs/organizations, or social events sponsored by the university.
8. **Restricted Access:** A sanction that prohibits the student from accessing a specific area of owned or operated university property without prior approval or a Public Safety escort.

9. **Alcohol & Other Drugs (AOD) Program:** An educational program provided by the university's Counseling Services Office that requires students to meet with staff to discuss their alcohol and/or drug use.
10. **Probation of Campus Residency:** A temporary status that remains in effect for a specific period and is generally considered the preliminary step to relocation or removal of university housing, should the student be found responsible for additional violations.
11. **Relocation of Campus Residency:** An official sanction that requires the student to vacate their formerly assigned residence and relocate to a new assignment. If this decision is appealed, the student may be removed from their formerly assigned residence at the discretion of the Vice President for Student Affairs (or designee) while the appeal is pending.
12. **Removal of Campus Residency:** Removal of campus residency may be imposed for a specific or indefinite period, as is deemed appropriate by the Conduct Officer, Conduct Board, or Sexual Misconduct Hearing Panel. Students who are removed from university housing must vacate their assignment once the sanction is executed. If this decision is appealed, the person may be removed from university housing at the discretion of the Vice President for Student Affairs (or designee) while the appeal is pending. Students **will not be permitted** to visit or stay with friends living in any campus housing facility. Additionally, special conditions may be imposed.
13. **No Contact Order:** A No Contact Order is an official, written document issued by the Office for Student Affairs stipulating that the individuals named within are to refrain from any verbal, physical, written, or electronic contact of any kind. This includes contact through third-party individuals. Specific exceptions to the No Contact Order may be granted by the Vice President for Student Affairs (or designee).
14. **Interim Suspension:** A temporary suspension of certain rights or privileges that may be imposed by the Vice President for Student Affairs (or designee) while a judicial case/appeals case is pending or after a student has been subject to a felony arrest. An interim suspension is imposed upon the determination that the safety and well-being of the university community or specific persons is at risk. The terms of the interim suspension may be broad and inclusive, or they may be restricted to a specific location and/or function.
15. **Suspension:** A decision of suspension terminates the student's status as an enrolled student for a specific period, with a minimum of one (1) year and up to a maximum of five (5) academic years and prohibits the student from attending classes. A suspended student may not enter any part of university-owned or operated property without specific authorization from the Vice President for Student Affairs (or designee). Students who reside in university housing shall remove their belongings from their place of residence after the sanction has been issued.
16. **Expulsion:** A decision of expulsion terminates the student's status as an enrolled student. An expelled student may not enter onto university property without specific authorization from the Vice President for Student Affairs (or designee). Students who reside in university housing shall remove their belongings from their place of residence after the sanction of expulsion is issued. Students receiving a sanction of expulsion will be unable to re-enroll at the university.

No student suspended or expelled from the university is entitled to any refund of tuition, room rent, or board.

APPEALS OF THE CONDUCT PROCESS DECISIONS

For most cases, decisions reached through a judicial meeting may be appealed to the Office for Student Affairs through the [Appeal Submission Form](#). A decision reached through a judicial meeting may be appealed only once, and the decision of the Appeal Officer is final.

However, for cases involving suspension or expulsion from the university, a decision reached by the Conduct Board may be appealed to the Vice President for Student Affairs.

REQUESTS FOR APPEAL

An individual who requests an appeal is called the Appellant. The Appellant must file their request for an appeal with the Office for Student Affairs within three (3) business days of the Outcome Letter being sent to the student's McKendree email account, and it must state the specific grounds on which the appeal is being requested (see also: Grounds for Appeal). The Office for Student Affairs then

directs the request to the Appeal Officer. While students have the right to request an appeal, it is up to the discretion of the Appeal Officer to consider if the appeal will be heard.

The burden of proof rests on the Appellant, who must establish that the original process or decision was substantially flawed (see also: Burden of Proof).

If a request for an appeal is submitted, the Appeal Officer is provided with all case records and documents that have previously been collected or submitted. To have their perspective represented in the case file, the Appellant must submit their materials to the Office for Student Affairs, at the time they submit their appeal request.

Before and during the meeting, the Appeal Officer will have access to the Appellant's judicial history. Appellants may review their judicial history and the full case file before their meeting by contacting the Appeal Officer at least three (3) business days before the meeting. Exceptions will be made if the time between the request for an appeal and the appeal meeting is fewer than three (3) business days. The Appeal Officer will review and consider all materials submitted and meet with the Appellant as soon as reasonably possible.

Appeal Meetings will consist of questions from the Appeal Officer to the Appellant and any witnesses presented to them. Witnesses are not allowed to observe any part of the meeting other than their participation. Appellants are responsible for providing the Appeal Officer with the names of any witnesses they would like included. Only witnesses with direct knowledge of the alleged incident will be considered by the Appeal Officer. The Appeal Officer may choose to limit the number of witnesses attending an appeal meeting. Appellants may be accompanied by an Advisor of their choosing (see also: Advisors).

The Appellant is not permitted to communicate directly with witnesses or other students involved in the case during the meeting unless approved by the Appeal Officer. Appellants are not required to respond to the alleged violations either orally or in writing and can choose to attend or not attend their assigned meeting. However, should the Appellant choose not to attend the meeting, the Appeal Officer will hear the case regardless, and they will subsequently issue findings and, if necessary, sanctions, in the Appellant's absence.

GROUND FOR APPEAL

An appellant may seek review on one or more of the following grounds:

- **Question of Fact:** An appellant may appeal against a question of fact by introducing new evidence that would significantly affect the outcome of the case. This evidence must have preceded the date of the judicial meeting. Evidence that was available to the appellant for use in the original meeting, but was withheld by the appellant, shall not constitute a question of fact, nor is it to be considered upon appeal.
- **Question of Procedure:** An appellant may appeal for a question of procedure by demonstrating that the procedural guidelines established in this document were breached and that these errors affected the outcome of the case.
- **Severity of Sanction:** An appellant may appeal for the severity of the sanction when the penalty exceeds the range of sanctions set by precedent for the specific violation. Mere dissatisfaction with a sanction is not grounds for appeal.

APPEAL OUTCOMES

The Appeal Officer uses the "preponderance of evidence" standard to determine decisions (see also: Standard of Proof). The Appeal Officer considers the information presented as evidence and utilizes their reasoning skills and training to establish the weight of each piece of evidence in a case.

Appeal Outcome: The following actions may be taken by the Appeal Officer if the appeal is heard;

- Affirm the finding of "Responsibility" and the original sanctions;
- Affirm the finding of "Responsibility" and alter the original sanctions; or
- Overturn the initial findings and sanctions and return the matter to the Office for Student Affairs for action consistent with the Appeal Officer's determination

Notice of Determination: The Appeal Officer considering the Appeal will provide a written explanation of their determination to the Appellant. This determination is final and binding for all parties.

TEMPORARY HOLD OF SANCTIONS

Any sanctions imposed through a judicial outcome are held pending until the deadline for submission of a Statement of Appeal has passed. Once a student has submitted a Statement of Appeal, their sanction(s) will continue to be held pending the final appeal decision outcome.

Note: Sanctions of Interim Suspension are **not** approved for temporary hold.

CONFIDENTIALITY

The university is committed to facilitating an environment that encourages students to report incidents of misconduct and will always attempt to resolve a situation following a student's wishes. In most cases, the university will not initiate student conduct proceedings or take administrative action without consulting the Complainant first.

In some exceptional circumstances where the incident in question presents a continuing threat to the campus community, the university may be required to investigate regardless of the Complainant's desire to pursue allegations of student misconduct. Additionally, the university may be required to issue a "timely warning" to the campus community, as required by The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Timely warnings do not include personally identifiable information of involved parties.

All reports of misconduct will be maintained with the highest possible level of confidentiality. The information provided by the Complainant will only be shared with essential staff members and only as necessary for the effective investigation and adjudication of the case. When reports of misconduct involve other students, either as Respondents or witnesses in the case, some information may need to be shared with those involved to complete a thorough investigation.

Due to the sensitive nature of grievances, to facilitate open and honest testimony, all information presented during a student conduct proceeding is confidential and may not be disclosed to the public. Specifically, the testimony, whether written or oral, presented by the student(s) involved in the case, or witnesses, during the conduct proceedings and all documents provided in preparation for or during the conduct proceedings may not be disclosed to any other party, except to the student's immediate family and/or Advisor (when indicated by the student).

McKendree University is committed to ensuring confidentiality during all stages of the student conduct process. If students are unsure whether they want to involve family or friends and are not yet certain whether they want to report to the police or the university, there are resources available, both on and off campus, that offer confidential assistance and support. Information on confidential resources can be found through Counseling Services at 513 Stanton Street or through the Center for Faith & Spirituality at Bothwell Chapel.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

FERPA protects the privacy of student education records, including personally identifiable information derived from student conduct records. Generally, schools must have written permission from a student to release any information from a student's education record. FERPA only allows schools to disclose student records without previously granted student consent in certain situations and/or to certain individuals, such as:

- To school officials with legitimate educational interest
- To other schools to which a student is transferring
- To comply with a judicial order or lawfully issued subpoena
- To parents when there is a health or safety emergency involving the student,

- To the victim of an alleged crime of violence or sexual misconduct concerning the results of a Judicial Meeting.

A full definition of the McKendree University Notification of Rights under FERPA can be found in the University Policies section of this handbook or on the University's Academic Records webpage.

ANONYMITY

McKendree University understands the sensitive nature of some incidents of alleged misconduct. Further, the university is mindful of a complainant's desire, in some cases, to report an incident without disclosing their name or other identifying information. McKendree will always attempt to protect a student's anonymity if that is the student's request. Doing so, however, can oftentimes make it more difficult to thoroughly and effectively investigate an incident. The university will work with each student on a case-by-case basis to find the approach that best fits the student's wants and needs.

STUDENT ORGANIZATIONS

Information gathered during an investigation of student organization misconduct, as well as any conduct findings and decisions, may be shared with the student organization's headquarters, sponsoring department, and/or organization, as appropriate. This otherwise confidential information will not be shared with other students, or any outside communities related to the organization.

Student organization records may not impact the content of individual student records for members of those student organizations. A finding of responsibility for misconduct for a student organization does not indicate a finding of responsibility for individual students. Individual students may be subject to their own conduct processes, separate from the student organization process.

All records related to student organization conduct processes will remain on file with the university for at least seven (7) years from the case's completion date and/or appeal processes.

AMNESTY

The University will provide educational options in place of conduct proceedings in certain situations. Examples of the amnesty provision include, but are not limited to:

- Victims of misconduct who were engaged in policy violations, such as underage drinking or drug use, at the time of the incident.
- Students who aid others by calling medical personnel or law enforcement.
- Students who bring their own use, addiction, or dependency to alcohol, drugs, or other addictions to the attention of the University before any conduct incidents or reports.

Abuse of amnesty provisions can result in a violation of the Code of Student Conduct. Amnesty does not preclude students from being charged with allegations of misconduct related to abuse or harassment against others (see also: Policies on Physical, Verbal, and Sexual Abuse or Harassment). The Code of Student Conduct amnesty provisions do not impact action by police or other legal authorities. Amnesty does not preclude students from being assigned other educational interventions. The Office for Student Affairs can assist with questions related to amnesty provisions.

DISCLOSURE OF OUTCOMES

DISCLOSURE TO THE RESPONDENT

At the conclusion of all student conduct cases, the Conduct Office, the Conduct Board (or their designee) will offer written disclosure of the outcome to the Respondent via McKendree e-mail address. The disclosure may include, at a minimum:

- Findings for each alleged violation;

- Terms of any sanction(s) imposed against the Respondent; and
- Appeal rights, if applicable.

The Respondent is permitted to share, with any person(s) they deem appropriate, the allegations resulting from the incident, the determination of responsibility, and any sanctions imposed through the Office for Student Affairs. However, all information presented during the student conduct proceeding is confidential and may not be disclosed to the public (see also: Confidentiality).

DISCLOSURE TO COMPLAINANTS AND/OR ALLEGED VICTIMS

According to federal mandates and the Family Educational Rights and Privacy Act (FERPA), the Office for Student Affairs will only offer written disclosure of the outcome of the case to a Complainant if the allegations constitute:

- A violation of the University's sexual misconduct policy; and/or
- A crime of violence, as defined by FERPA.

The disclosure may include:

- Findings for each alleged violation;
- Sanction(s) imposed on the Respondent that directly relate to the Complainant and/or alleged Victim;
- Brief rationale for the Conduct Officer's/Conduct Board's decision, as directly related to the Complainant; and
- Appeal rights, if applicable.

The Complainant is permitted to share with any person(s) they deem appropriate the allegations resulting from the incident, the determination of responsibility, and any sanctions imposed through the Office for Student Affairs. However, all information presented during the student conduct proceeding is confidential and may not be disclosed to the public (see also: Confidentiality).

DISCLOSURE OF APPEAL OUTCOME

If an Appeal is filed regarding the outcome of a case, the outcome of the appeal(s) will be made to the appropriate parties, consistent with the terms outlined for disclosure of the original decision. The disclosure may include, at minimum:

- Findings for each ground on which the Appellant appealed; and
- Any alterations to sanction(s) that impact the respective party.

In compliance with this Act, any student, faculty, or staff member who is registered as a sex offender must register in person within 3 days of beginning classes or employment at the McKendree Public Safety office, located at 802 College Road, Lebanon, IL 62254. Failure to comply with registering could result in expulsion.

RESIDENCY REQUIREMENT

It is the University's policy to require students to reside in the residence halls. The primary goals of this policy are to extend the university educational experience for students and to create a residential community. Residence Life staff works with students to ensure McKendree's residence halls are attractive places to live that facilitate student growth and development. Each hall develops its own sense of identity and community spirit, becoming an integral part of the overall campus living environment.

All students must either 1) submit a Housing Application (incoming students), 2) renew their housing contract (returning students), or 3) apply to Waive the Residency Requirement.

By submitting a Housing Application or completing the contract renewal through the Housing Portal, a student has indicated that they have read and agree to the terms and conditions of the Housing and Meal Plan Contract, to which they will remain bound until they are officially released from the residency requirement. **Housing and Meal Plan Contracts are ongoing, continuous, and binding.**

THE PROCESS TO WAIVE RESIDENCY REQUIREMENT

Students wishing to live off campus must submit an **Application to Waive the Residency Requirement** for consideration by the Office of Residence Life. The application is available on the ResLife Portal.

To be eligible for a waiver, the student must, at the beginning of the term for which the application is being submitted, meet at least one of the following criteria:

- Commuting from a permanent residence within 50 miles of the university of a once or current legal guardian,
- 21 years of age and hold 60 credit hours,
- 90 credit hours,
- 22 years of age,
- Married, or has custodial care of dependent children,
- Veteran with at least two years of active military duty,
- Taking 100% online courses (no in-person classes), or
- Student teaching, co-op, and internship outside a 30-mile radius of McKendree University.

Residence Life recommends that before making the decision to reside off-campus that you speak with a Financial Aid counselor as there may be an adjustment to your financial aid package.

Students should not consider themselves released from the residency requirement before receiving written approval from the Office of Residence Life. A student who is seeking a waiver of the residency requirement should not enter any purchase, lease, or rental agreement with a third-party realtor or a lessee until they have received their approval notification.

Waiver applications must be turned into the Office of Residence Life on or before **July 1** for exemption from housing for the fall semester, or on or before **January 1** for exemption from housing for the spring semester. Upon receipt of this application and all necessary documentation, the application will be reviewed and considered by the Office of Residence Life, and the decision will be communicated to the student.

Students who wish to appeal a rejected application should submit an appeal via their McKendree email to the Office of Residence Life at reslife@mckendree.edu.

ANTI-HAZING POLICY

Purpose:

McKendree University believes in maintaining an environment that recognizes the worth and value of every individual. Every student should be able to participate in activities and organizations without compromising their health, safety, or welfare. Therefore, hazing is unacceptable and a violation of University's policy regardless of intent, consent, or tradition. In addition, it is against federal ([Stop Campus Hazing Act](#)) and state law ([Illinois Anti-Hazing Law](#)). This document outlines the University's policy against Hazing, reporting mechanisms, investigation of reports, enforcement of violations, and prevention/awareness programs.

Applicability:

This policy applies to all students, student organizations, and advisors/volunteers to student organizations, whether activities occur on or off campus.

Policy Details

1. Definitions

- a. Annual Security and Fire Safety Report – a report containing statistics of Clery Crimes and certain fire safety statistics for the three most recent calendar years, as well as University policy statements and procedures addressing campus security and fire safety.
- b. Hazing - any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons, regardless of the willingness of such other person or persons to participate, that:
 - i. is committed in the course of initiation/admission into or maintenance of membership in a student organization; and
 - ii. violates local, federal, or state criminal law or causes or creates a reasonable risk, above the reasonable risk encountered in the course of participation in McKendree University activities or the student organization's activities, of physical or psychological injury.
- c. Student - individuals who have been notified of their admission to McKendree University and/or who are matriculated, enrolled, or registered in any McKendree University academic program or activity.
- d. Student Organization - any organization (such as a club, society, association, varsity or junior varsity athletic team, club sports team, fraternity, sorority, band, or Student government) in which two or more of the members are students enrolled at McKendree University, whether or not the organization is established or recognized by McKendree University.

2. General Prohibition and Examples

- a. Hazing is prohibited. Examples of Hazing include, but are not limited to:
 - i. whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on someone's body, or similar activities;
 - ii. causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
 - iii. causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;
 - iv. causing, coercing, or otherwise inducing another person to perform sexual acts or to endure brutality of a sexual nature;
 - v. any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct or an activity that creates a reasonable likelihood of bodily injury;
 - vi. any activity that adversely affects the mental health or dignity of an individual;

- vii. exclusion from social contact or conduct that could result in extreme embarrassment; and
 - viii. any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, state, tribal, or federal law.
- b. Hazing is considered a violation of the Student Code of Conduct (“Code”) and will be administered in accordance with the Code provisions. Consent is not a defense to Hazing. That the conduct was sanctioned or approved by the student organization or any affiliated entity - including campus chapters and their regional, national, or international bodies - is also not a defense.
- c. For students, being in the presence of a violation of Hazing without reporting it could be considered a violation of applicable sections of the Code. For employees, presence without reporting may violate the Standards of Conduct and other applicable policies and lead to discipline, up to and including termination.

3. Reporting and Investigation of Hazing

- a. McKendree strongly recommends all members of the University community who believe that they have witnessed, experienced, or are aware of conduct that constitutes Hazing in violation of this policy to report the violation to the Department of Public Safety or the Dean of Students. Individuals may also make reports through the online [Incident Report Form](#). Investigations will occur as outlined in the Code.
- b. Retaliation and Interference: The University also considers retaliation against parties and witnesses to be a serious violation and will investigate and hold accountable any Student found to have retaliated against another Student as a result of that Student’s reporting of, or participation in an investigation of, Hazing. Interference in an investigation under this policy by Students or Student Organizations is also subject to sanctions under the Code.
- c. Disciplinary Sanctions: Student Organizations found to be in violation of this policy may face sanctions ranging from a warning to a loss of status as a recognized Student Organization. A finding of responsibility for a student organization does not indicate the finding of responsibility for individual members. However, individual members may be subject to an individual conduct process separate from the student organization. Individuals found to be in violation of this policy may face sanctions ranging from a warning to dismissal.

4. Prevention and Awareness Programs

The University will offer research-informed, campus-wide prevention programming designed to reach all members of the University community, which addresses:

- a. This policy;
- b. How to report Hazing;
- c. Information about the University Hazing response process;
- d. Any applicable federal, state, or local law; and
- e. Primary prevention strategies.

Requests for training can be made to the Office of Student Affairs.

5. Campus Hazing Transparency Report

As required by the Stop Campus Hazing Act, the University will publicly report, in summary form, findings

concerning any recognized Student Organization found to be in violation of the University's Code of Conduct related to Hazing in a Campus Hazing Transparency Report.

Statistics of Hazing violations shall also be published in the Annual Security and Fire Safety Report.

Criminal Enforcement

Hazing is a violation of state law and may lead to criminal or civil penalties. Depending on the severity of the action, it may be classified as a misdemeanor or felony with monetary penalties for organizations up to \$15,000 for each violation.

ASSISTANCE ANIMAL POLICY

I. STATEMENT OF POLICY

McKendree University (the "University") supports the use of service animals and emotional support animals, collectively termed "assistance animals," on campus by students with disabilities in proper circumstances and in accordance with this Policy. Individuals with questions about the use of assistance animals should refer to this policy and/or contact the Manager of Accessibility Services. The Manager of Accessibility Services contact information is as follows: Carol Ericson, Clark Hall, Lebanon, IL 62254, (618) 537-6901 referred to as "assistance animals," on campus by students with disabilities under.

II. DEFINITIONS

- A. **Service Animals** are defined under the Americans with Disabilities Act, as amended, ("ADA") as dogs that are individually trained to do work or perform tasks for people with disabilities. Service animals are working animals, not pets. The work or tasks performed must be directly related to the individual's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals.
 - 1. Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.
 - 2. Under Illinois law, miniature horses may also be considered service animals in certain situations.
- B. **Emotional Support Animals** – An emotional support animal (ESA) is a companion animal that provides therapeutic benefits, such as alleviating or mitigating symptoms of a person's disability. Emotional support animals are not service animals. However, emotional support animals will be allowed in residential facilities with prior approval from the AVP for Student Affairs pursuant to the procedures and standards outlined in this Policy.
- C. **Owner** – A student who has an approved emotional support animal in residential housing.
- D. **Handler** – A person with a disability aided by a service animal; a personal care attendant who handles a service animal for a person with a disability.
- E. **University Property** – any buildings or land owned, supervised, or leased by McKendree University or subject to its control.

III. SPECIFIC PROCEDURES FOR STUDENTS

- A. **Service Animals** – Students with disabilities who wish to bring a service animal to University Property – including residential facilities, classrooms, and other University buildings – may do so without prior approval. However, they are strongly encouraged to reach out to the AVP for Student Affairs to ensure that their experience bringing the animal to campus is smooth. Additionally, students with service animals who plan to live in residential facilities are also strongly encouraged to inform the Office of Residence Life that they plan to have a service animal living with them. Advance notice of a service animal in residential facilities allows more flexibility in meeting a student's needs.
- B. **Emotional Support Animals** – Students who wish to bring an ESA into residential facilities as an exception to the "no pet" policy must go through the reasonable accommodation process with the Manager of Accessibility Services. Students requesting an ESA must be in good judicial standing with the University. Emotional support animals are not allowed in university facilities except in the housing unit for which they have been approved. Emotional support animals will not be allowed to

reside in University Housing until formal approval has been granted. Emotional Support Animals must be domesticated animals, be a minimum of 1 year in age and have been owned by the student for at least 3 months.

C. Process for approval for ESA -

1. Students requesting ESA accommodation must submit all required documentation to the AVP for Student Affairs. Determinations will be made on a case-by-case basis by the Accessibility Committee monthly meeting. Completed applications that are received by the 10th of the month will be taken to the subsequent meeting. If an application is missing any documentation, it will be denied, but the student can submit additional documentation for consideration at the next meeting to the Manager of Accessibility Services. The Committee will meet on the third Friday of every month, except for January and August.

a. The Emotional Support Animal Request Form (Completed by the Student), which includes:

- i. Vaccination documentation from the animal's veterinarian.
- ii. Verify the health status of the animal's veterinarian.
- iii. Verify the animal's age with the animal's veterinarian.
- iv. Proof of ownership history, such as veterinary or adoption records, showing the student/student's family has owned the animal at least three months; and
- v. The Emotional Support Animal Documentation form (must be from a reliable third party who is a qualified professional with whom the student has an established treatment relationship (three or more visits) (treating physician, psychiatrist, psychologist, social worker or other mental health or healthcare professional). The qualified professional must not be a family member, must not be an employee of the university and must be from the state of the student's residence or from the state of the University's campus the student attends.)

b. The Emotional Support Animal Documentation Form (Completed by the Medical Professional), which includes:

- i. Student name
- ii. Student date of birth
- iii. Describe your relationship with the student and how long you have been treating the student.
- iv. Provide the background and history of the student's medical condition(s).
- v. Indicate the current diagnosis/diagnoses (i.e., ICD or DSM code, etc.) and severity of the condition(s).
- vi. Indicate the current impact of the condition/diagnosis and demonstrated functional impact of the condition on the student.
- vii. Please indicate any current or past accommodations, auxiliary aids, and/or support services utilized to reduce the impact of the functional impact of the condition.
- viii. Indicate all recommended accommodations and the reason(s) these are medically necessary.
- ix. Please indicate the risk, scope, and severity of impact if the recommended accommodations are not provided.

D. Criteria for Determining If Presence of the Emotional Support Animal is Reasonable - The question in determining if an ESA will be allowed in university housing is whether or not the ESA is reasonable and necessary to afford an individual with a disability an equal opportunity to use and enjoy University housing. A request for an ESA may be denied as unreasonable if the presence of the animal

1. imposes an undue financial and/or administrative burden,
2. fundamentally alters University housing policies, and/or
3. poses a direct threat to the health and safety of others and/or

4. would cause substantial property damage to the property of others, including University property.
- E. McKendree University may consider the following factors, among others, as evidence in determining whether the presence of the animal is reasonable or in the making of housing assignments for individuals with ESA:
 1. The animal's size is too large for the available assigned housing space.
 2. The animal's presence otherwise violates individuals' right to peace and quiet enjoyment.
 3. The animal is not housebroken or cannot live with others reasonably.
 4. The animal's vaccinations are not up to date.
 5. The animal poses or has posed a direct threat to the individual or others, such as aggressive behavior towards or injuring the individual or others or
 6. The animal causes or has caused excessive damage to housing beyond reasonable wear and tear.
- F. Students whose request for an ESA is denied can submit new documentation. The new documentation will be provided to the Housing Accommodation Committee for reconsideration.
 1. Once the Accessibility Committee verifies that the student's request to have an ESA on campus meets the standard of reasonable accommodation, the student must then be approved by the Office of Residence Life. McKendree University will not limit room assignments for individuals with ESAs to any particular building or building. However, University housing is unique in several aspects, including the mandatory assignment of roommates for many individuals and the mandate that individuals must share a room or suite in specific residence halls. To ensure that the presence of ESAs is not an undue administrative burden or fundamental alteration of university housing, McKendree University reserves the right to assign an individual with an ESA to a single room without a roommate.
 2. The Office of Residence Life will make a housing assignment in a suitable residence in a hall designated as "animal compatible." There will be "animal compatible" housing in each style available on campus (freshman housing, suite-style housing, upper-class corridor housing), although not necessarily in each residence hall or every floor. There will also be "animal-free" housing wings/floors in each housing style available on campus.
 3. The Office of Residence Life will then contact the student, who must complete the following steps before bringing their ESA on campus:
 - a. The Roommate Agreement form,
 - b. The Room Ready Checklist which is conducted with a staff member to ensure that there are proper animal care items and required proof of St. Clair County Animal Registration,
 - c. Information for an Emergency Boarder/Caregiver for the Animals, and
 - d. A photo of the animal so that the staff can easily identify them on campus.
 4. After these steps are completed, the student will receive an email from the Office of Residence Life indicating that they have successfully completed all the necessary steps to have their ESA on campus.
 5. Students can submit an ESA accommodation request at any time. However, students are encouraged to submit their materials before receiving their housing assignment to ensure appropriate accommodation for both students and roommates. The suggested dates are:
 - a. Incoming Students
 - i. Fall Semester: May 10
 - ii. Spring Semester: December 10
 - b. Current/Returning Students
 - i. Fall Semester: March 10
 - ii. Spring Semester: December 10
 6. ESA accommodation is only good for the academic year during which they were granted. Students must reapply for each academic year they wish to have an ESA. Students who initially apply for the spring semester must reapply by the fall semester deadline to carry over their accommodations to the next academic year.

7. Students must notify the AVP for Student Affairs promptly of any changes to the information on their animals' registration forms.
8. It is not required but strongly recommended that Owner/Handlers acquire liability insurance.

IV. GENERAL STANDARDS FOR THE REMOVAL OF ASSISTANCE ANIMALS OR THE DISAPPROVAL OF REQUESTS FOR EMOTIONAL SUPPORT ANIMALS

- A. Decisions to remove an assistance animal or disapprove a request for an emotional support animal will be made on a case-by-case basis, considering all surrounding circumstances. However, the following general standards reflect the reasons why an animal may be removed or a request for an animal may be disapproved:
 1. The animal poses a direct threat to the health or safety of others. For example, the animal displays vicious behavior towards others or has a serious illness.
 2. The animal causes or would cause substantial physical damage to the property of the University and other community members, including but not limited to students, faculty, staff, and visitors.
 3. The animal poses or would pose an undue financial and administrative burden to the University.
 4. The animal fundamentally alters or would fundamentally alter the nature of the University's housing and/or general operations.
 5. The animal is out of control and the Handler/Owner does not take effective action to control it. If the out-of-control behavior happens repeatedly, the Handler/Owner may be prohibited from bringing the animal into university facilities until the Handler/Owner can prove that he/she has taken significant steps to mitigate the behavior.
 6. The animal is not housebroken.
 7. The Handler/Owner does not abide by his/her responsibilities as outlined in Section V of this Policy.
- B. Handlers/Owners who do not uphold the responsibilities outlined in Section V of this Policy may be granted a warning, depending on the severity of the violation, but are not entitled to one. If the violation is not corrected, persists, or occurs again, the University reserves the right to remove the animal from University Property.
- C. When an animal has been appropriately removed pursuant to this Policy, the University will work with the Handler/Owner to determine reasonable alternative opportunities to participate in the University's services, programs, and activities without having the animal on the premises.

V. RESPONSIBILITIES OF HANDLERS/OWNERS

- A. **Laws, Ordinances, and Policies** – Handlers/Owners are responsible for complying with all state laws and local animal ordinances and are subject to all University policies and guidelines regarding Residence Life.
 1. Per the laws of St. Clair County, all pet cats and dogs living in the county must be registered.
 2. Please see the county's animal registration page for more information and costs.
- B. **Proper Identification** – All animals are subject to local licensing and registration requirements.
 1. Every ESA must have an identification name, i.e., dog tag, if applicable, on them at all times.
 2. Every housing assignment with an ESA will be provided with an emergency placard by the Office of Residence Life after the animal is approved to come to campus. This enables Emergency personnel to identify areas where ESA's may need to be assisted. Displaying of the placard is at the discretion of the resident. (see Section III.3)
- C. **Health and Vaccination** – Animals must have vaccinations against diseases common to that type of animal, i.e., any vaccinations required for boarding purposes. All vaccinations must be current. The University reserves the right to make reasonable requests for updated vaccination documentation during the animal's residency. Animals must wear a rabies vaccination tag (if applicable), be treated with a flea prevention agent, such as a pill or spray (if applicable), and, in

the case of emotional support animals, vaccination documentation must be provided to the AVP for Student Affairs prior to the animal being allowed into any residence hall.

- D. **Caring for the Animal** – The cost of care, as well as arrangements and responsibilities for the well-being of the animal, are the sole responsibility of the Handler/Owner at all times. The University will accept no responsibility for the care of any animal covered by this Policy.
1. Animals must be well-groomed (residential facilities such as showers, tubs, sinks, and the like may not be used for this purpose).
 2. Animals cannot be left unattended overnight at any time. If the Handler/Owner must be away overnight, they must either take the animal with them or make arrangements for the animal to be cared for elsewhere off-campus.
 3. Animals left unattended in living space must be crated (or equivalently contained, in the case of animals other than dogs and cats).
 4. Animals cannot be confined to a vehicle, tethered, or abandoned at any time.
 5. Regular and routine cleaning of floors, kennels, cages, etc. must occur. The odor of an animal emanating from a residence hall room is not acceptable.
- E. **Keeping the Animal Under Control** – The animal should respond to voice and/or hand commands at all times or otherwise be fully controlled by the Handler/Owner.
- F. **Being Responsible for Damage Caused by the Animal or Its Presence** – Handlers/Owners are personally responsible for any damage caused by their animals or by the manner in which they care for the animals and must take appropriate precautions to prevent property damage. The Handler/Owner will have to pay for any damage caused.
1. An individual in a residence hall with an animal covered by this Policy has an obligation to make sure that his/her residence is as clean and damage-free as the original standard, excepting normal wear and tear.
 2. When the individual moves out of residential housing or no longer owns the animal, the residence will be assessed to decide if damage to university property or extraordinary cleaning costs are attributable to the animal or its presence. If so, the owner will be financially responsible for associated costs.
 3. The University maintains the right to conduct facility inspections for the purpose of assessing the damage caused by the animal or its presence or otherwise deciding compliance with this Policy.
 4. If an animal causes substantial damage to the property of others that cannot be reduced or eliminated by reasonable accommodation, the animal may be excluded from living in University Housing.
 5. The University reserves the right to bill an Owner/Handler's account for any unmet obligations arising for damage caused by their animal.
- G. **Being Responsible for Waste** – Cleaning up after the animal is the sole responsibility of the Handler/Owner and it must be done so at once. If the Handler/Owner is not physically able to clean up after the animal, it is then the responsibility of the Handler/Owner to hire someone capable of cleaning up after the animal.
1. Outdoor waste, such as dog feces, must be picked up in a plastic bag, tied securely, and disposed of in an outside dumpster immediately.
 2. Indoor waste, such as cat litter, must be placed in a sturdy plastic bag and tied securely before being disposed of in outside dumpsters. The area surrounding the litter box must be kept clean, and litter mats should be placed under the box to prevent litter from being tracked onto carpeted surfaces. Cat litter is not to be flushed in any circumstances, even when advertised as "flushable" litter.
 3. If you cannot personally dispose of the waste due to the nature of your disability, you must arrange for the waste to be disposed of in some other manner.
 4. Residence Life reserves the right to appoint certain areas indoors or outdoors for animal waste elimination and to prohibit animal waste in any other common area (even if there is immediate clean-up).
- H. **Leash Requirements** – Service animals should always be on a leash unless the Handler cannot use a leash due to a disability, or the use of the leash would interfere with the animal's ability to

perform its duties. Emotional support animals must be on a leash, in a crate, or contained outside the Owner's residence.

- I. **Observing Good Animal Etiquette** – To the greatest extent possible, the Handler/Owner should ensure that the animal does not display behaviors or make noises that are disruptive or frightening to others unless it is part of the service being provided to the handler (e.g., barking to alert the handler of danger). The animal must have friendly and sociable characteristics.
- J. **Other Conditions and Restrictions** – In response to a particular situation, the University reserves the right to impose other reasonable conditions or restrictions on using assistance animals as necessary to ensure the health, safety, and reasonable enjoyment of university programs and activities by others.
 - 1. Residence Life may relocate an Owner/Handler and their animal as necessary, provided the new site is consistent with the terms of the student's current contractual agreement.
- K. Any violation of the above guidelines will be reviewed through the University judicial process; owner/handlers will be afforded all due process rights and appeal as outlined in the Student Handbook. If multiple violations occur, the University reserves the right to remove the animal from university property, as this policy outlines.

VI. OTHER INFORMATION SPECIFICALLY RELATED TO SERVICE ANIMALS

A. Permitted Inquiries

- 1. In general, University community members should not ask about the nature and/or extent of a person's disability. However, as permitted by the ADA, if it is not evident that the animal is required because of a disability, the Handler may be asked:
 - a. If the animal is required because of a disability and
 - b. What work or task has the animal been trained to perform?
- 2. The Handler should not be asked for documentation, such as proof that the animal has been certified, trained, or licensed as a service animal.
- 3. Generally, University community members should not inquire about a service animal when it is readily apparent that the animal is trained to do work or perform tasks for an individual with a disability (e.g., if the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

B. Areas Off Limits to Service Animals

- 1. While service animals are generally allowed to go anywhere on campus that the Handler is allowed to go, there are certain areas where the presence of a service animal fundamentally alters the nature of a program or activity or is disruptive. Examples of the areas that are off-limits to service animals include:
 - a. **Research Laboratories:** The natural organisms carried by service animals may negatively affect the research's outcome. At the same time, the chemicals and/or organisms used in the research may be harmful to service animals.
 - b. **Mechanical Rooms/Custodial Closets:** Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms and custodial closets, are off-limits to service animals. The machinery and/or chemicals in these rooms may harm animals.
 - c. **Food Preparation Areas:** Food preparation areas are off-limits to service animals according to health codes.
 - d. **Areas Where Protective Clothing is Necessary:** Any room where protective clothing is worn is off-limits to service animals.
 - e. **Areas Where There is a Danger to the Service Animal:** Any room, including a classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to service animals.
- 2. Questions about areas that are off-limits to service animals should be directed to the ADA/Section 504 Coordinator or, in a laboratory setting, the laboratory instructor. Exceptions may be granted in some circumstances.

VII. ADDITIONAL MATTERS

A. Roommates

1. Service Animals

- a. Handlers do not have to register their animals with Accessibility Services nor to notify Residence Life prior to move-in that an animal will be accompanying them to campus. However, it is strongly encouraged that they do so to avoid the possibility of being moved after move-in due to roommate conflict or allergies.
- b. Should a Handler's roommate(s) object to the animal's presence, Residence Life will work with the Handler to relocate them to a different housing assignment with roommates who agree to share space with an animal.
- c. Once Residence Life becomes aware of the presence of a service animal (whether before move-in or at move-in), residents on the floor will be notified of the presence of an animal to alert students who may have allergies.

2. Emotional Support Animals

- a. Potential roommates will be asked to sign the Roommate Agreement Form to verify their agreement to share a living space with an animal. If potential roommates do not agree to share space with an animal, Residence Life will assign the Owner a different housing placement.
- b. If, later, there is a conflict between roommates about the animal that cannot be resolved amongst the individuals involved, Residence Life should be contacted. Appropriate parties will be consulted to reach a solution.

- B. **Animal No Longer Necessary** – The AVP for Student Affairs should be notified when an animal covered by this Policy will no longer reside or, in the case of emotional support animals, is no longer needed as an accommodation.
- C. **Conflicting Disabilities**—Some people may have substantial allergic reactions, asthma, respiratory diseases, etc., to animals that qualify as disabilities. The University will consider the needs of both persons in meeting its obligations to reasonably accommodate all disabilities to resolve the problem as efficiently and expeditiously as possible. Students requesting allergy accommodation should contact the ADA/Section 504 Coordinator.
- D. **Concerns**—Concerns about an animal covered by this policy should be directed to Residence Life staff, and concerns about the policy itself should be directed to the ADA Coordinator.

BIAS OR HATE CRIME REPORTING PROTOCOL

Bias incidents refer to conduct, speech, images, or expressions that demonstrate conscious or unconscious bias which targets individuals or groups based on but not limited to their actual or perceived race, ethnicity, national origin, sex, gender identity, or expression, sexual orientation, disability, age, religion, socioeconomic status or other social identities.

A bias incident is different from a hate crime in that it does not necessarily involve criminal activity. A hate crime is generally defined in federal and state statutes as a criminal offense committed against a person or property that is motivated, in whole or in part, by the offender's bias against the victim's identity or group affiliation. Students and employees are encouraged to report all types of bias-related incidents precipitated by intolerant behaviors.

GUIDELINES FOR REPORTING BIAS-RELATED INCIDENTS:

- Student submits a Bias/Hate Crime Incident Report via the McKendree University website on My MCK homepage by clicking the Incident Reporting tile, clicking on *Bias or Hate Crime Reporting Form*, and clicking Submit.
- Once submitted, the Incident Report is routed to the Dean of Students, Title IX Coordinators (if applicable), Director of Public Safety, and Human Resources Office, if the incident involves an employee.
- The Dean of Students, Title IX Coordinators, or Human Resources Office shares the incident report with the President of the University. If an employee is involved in a bias incident, the Human Resources Office contacts the employee's supervisor.
- The Dean of Students, Title IX Coordinators, or designee will contact the student offering interim support measures. When necessary, the Human Resources Office meets with the employee to offer interim support measures.
- The Director of Public Safety and the Dean of Students, Title IX Coordinators, or Human Resources Office review the incident description to determine if a Campus Clery notification is required. If a Clery notification is not required, the Director of Public Safety may determine if a general campus notification is necessary and the appropriate timeline for doing so.
- The Director of Public Safety or designee notifies the Lebanon Police Department and/or Illinois State Police. State and Local police departments' investigations take precedence over McKendree University's internal investigations.
- The Director of Public Safety and/or the VPSA or the Human Resources Office lead the investigation unless the incident falls under a possible Title IX Sexual Harassment IX Policies & Procedures violation. The Title IX Coordinator or Deputy Title IX Coordinator will take the lead on incidents constituting Title IX bias-related acts regarding sex and gender.
- Outcomes of investigation could lead to civil and/or student code of conduct disciplinary sanctions.

COMPUTING USE POLICY

McKendree University offers computing and networking resources to students, faculty, and staff for many different purposes. These resources, networked for the benefit of the entire campus community, are continually updated and maintained to ensure that the University can fulfill its mission for teaching, research, and service to the students and the community at large. Computing resources at McKendree are limited; how individual users access those resources can impact the work of other McKendree users and users throughout the world because our campus network is linked via the internet to other networks worldwide. Every campus user must acknowledge his or her responsibilities and obligations regarding proper computer use and behavior.

Because of the rapid evolution of computing and information networks, the University reserves the right to modify the text of these policies, by approval of the Technology Advisory Committee, the Faculty Affairs Council, and the general faculty. While users will be kept apprised of any changes, it is the user's responsibility to remain aware of current regulations.

Common sense is a good guide to what constitutes appropriate behavior and use of computers and networks. You should respect the privacy of others and use computing resources consistent with the instructional and research objectives of McKendree University.

UNIVERSITY RESPONSIBILITIES

McKendree University owns most of the computers and all internal computer networks used on the campus. The University also has various rights to the software and information contained on, developed on, or licensed for these computers and networks. The University is responsible for administering, protecting, and monitoring this aggregation of computers, software, and networks.

The purposes of the Technology Advisory Committee (TAC), specifically; the Information Technology Department (IT), specifically; and McKendree University, generally, are to:

1. Establish and support reasonable standards of security for electronic information that community members produce, use, or distribute, and protect the privacy and accuracy of administrative information that the University maintains. TAC will adjudicate any formal complaints that might arise concerning these matters, using input from IT and the Provost's office.
2. Protect University computers, networks, and information from destruction, tampering, and unauthorized inspection and use.
3. Provide information technology resources to support activities connected with instruction, research, and administration.
4. Delineate the limits of privacy that can be expected in the use of networked computer resources and preserve freedom of expression over this medium without condoning abusive or unlawful activities.
5. Ensure that University computer systems do not lose important information because of hardware, software, or administrative failures or breakdowns. To achieve this objective, duly authorized individuals hired by the University to function as systems or technical managers may occasionally need to examine the contents of files to diagnose or solve problems.
6. Communicate University policies and individuals' responsibilities systematically and regularly in a variety of formats to all parts of the University community.
7. Monitor policies and propose changes in policy as events or technology warrant.
8. Manage computing resources so that members of the University community benefit equitably from their use. To achieve this objective, duly authorized individuals hired by the University to function as systems or technical

administrators may, in conjunction with the TAC, occasionally need to restrict inequitable computer use, including shared systems or the network. For example, the University reserves the right to restrict users from using any unduly resource-intensive program. TAC will adjudicate any formal complaints resulting from interpretations of these restrictions in all areas of IT/academic overlap.

9. Enforce policies by restricting access in cases of serious violations. For example, in appropriate circumstances, duly authorized individuals hired by the University to function as systems or technical administrators may, in conjunction with the TAC, find it necessary to lock a user's account. In such circumstances, if there is not a resolution within 24 hours, the systems administrator or the user should refer the matter to the appropriate official for follow-up and resolution. (See section on sanctions for more details.) TAC will adjudicate any formal complaints resulting from interpretations of these restrictions in all areas of IT/academic overlap.

Academic Computing Use policies will be developed collaboratively by the Department of Information Technology and the Technology Advisory Committee.

INDIVIDUAL RESPONSIBILITIES

McKendree University supports networked information resources to further its mission of research and to foster a community of shared inquiry. All members of the University community must be cognizant of the rules and conventions that make these resources secure and efficient. It is the responsibility of each member of the University community to:

1. Respect the right of others to be free from harassment or intimidation to the same extent that this right is recognized in the use of other media or communications.
2. Respect copyright and other intellectual property rights. Unauthorized copying of files, information, or passwords belonging to others, or the University may constitute plagiarism or theft. Modifying files without authorization (including altering information, introducing computer viruses, Trojan horses, or worms, or damaging files) is unethical, may be illegal, and may lead to sanctions.
3. Maintain secure passwords. Users should establish appropriate passwords in the first instance, change them occasionally, and not share them with others.
4. Use resources effectively. Accept limitations or restrictions on computing resources – such as storage space, time limits, or number of resources consumed – when asked to do so by systems administrators.
5. Recognize the limitations of privacy afforded by electronic services. Users have a right to expect that only those to whom permission is given will see what they create, store, and send. Users must know, however, that the security of electronic files on shared systems and networks is not inviolable – most people respect the security and privacy protocols, but a determined person can breach them. Users must also note that, as part of their responsibilities, systems or technical managers may occasionally need to diagnose or solve problems by examining the contents of files.
6. Learn to use software and information files correctly. Users should maintain and archive backup copies of important work. Users are responsible for backing up their own files. They should not assume that files on shared machines are backed up. If users choose to participate in a backup service, they should become familiar with the schedules and procedures of that service. They should also learn to properly use the features for securing or sharing access to their files.
7. Abide by security restrictions on all systems and information to which access is permitted. Users should not attempt to evade, disable, or “crack” passwords or other security provisions; these activities threaten the work of others and are grounds for immediate suspension or termination of privileges and possible additional sanctions.

McKendree University extends these principles and guidelines to systems outside the University accessed via its facilities. Network or computing providers outside McKendree University may also impose their own conditions for appropriate use, which users at this University are responsible for following.

SANCTIONS

Individuals or groups who act in a manner contrary to existing policy and accepted social standards for computer use are subject to the sanctions and judicial measures normally applied to misconduct or law-breaking. Established University channels handle computing policy violations. In the first instance, the appropriate computing administrators will address such matters. Whenever it becomes necessary to enforce University rules or policies, a duly authorized administrator hired by the University to function as systems or technical administrator may, in conjunction with the TAC, prohibit network connections by certain computers (even departmental/divisional and personal ones); require adequate identification of computers and users on the network; undertake audits of software or information on shared systems where connected to the network; or deny access to computers, the network, and institutional software and databases. TAC will adjudicate any formal complaints that may arise and make recommendations to the appropriate University divisions (i.e. the faculty, IT, and the administration). The University's legal counsel will aid in understanding possible violations of rights and individuals.

If the infringement is not settled in discussion with the computing administrator, a matter involving students will be referred to the Dean of Students; a matter involving faculty will be referred to the division chair and/or the Provost; and a matter involving staff will be referred to the immediate supervisor, the manager of the unit, or the Human Resources Office. TAC and the University's counsel will adjudicate formal complaints. In addition, certain kinds of abuse may entail civil or criminal action as well.

McKendree University reserves the right to temporarily record and/or monitor these cameras for campus security. Monitoring or reviewing footage of the cameras is exclusively done by the offices of Public Safety, Student Affairs, and Residence Life. McKendree University's equipment automatically stores recordings for up to 30 days. However, any downloaded recordings or images can be kept for as long as necessary. Upon entering McKendree University premises, all employees, students, and stakeholders acknowledge that they may be subject to surveillance via campus cameras. Nonetheless, individuals retain their right to privacy in non-surveillance contexts.

Additionally, any person suspected of selling controlled substances and/or dangerous drugs as described above will be immediately reported to the Office for Student Affairs for investigation and may be subsequently subject to civil prosecution as well as university judicial action under the provisions of this document. The university may hold persons responsible for their behavior.

**The Illinois Cannabis Regulation and Tax Act (CRTA), authorizing individuals over the age of 21 to recreationally use marijuana in the state of Illinois, does not change this prohibition or authorize a student to use marijuana on the university-owned or operated property. Federal law, including the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act, continues to prohibit marijuana. Thus, marijuana use, possession, production, manufacture, sale, possession with intent to sell, trafficking, or distribution, even if in compliance with CRTA, is prohibited on campus.*

POSSESSION OR USE OF ALCOHOLIC BEVERAGES

No person shall use, possess, and/or distribute any alcoholic beverage on the university-owned or operated property with the following exceptions: 1) if a resident of 21+ Approved Housing (effective Fall 2022), 2) Bearcat Boulevard Tailgating and other athletic events, and 3) Hett Events.

All demonstrations held on university property must adhere to the regulations put forth in this policy.

McKendree University reserves the right to govern the time, place, or manner of demonstrations to ensure that any assembly does not 1) reasonably disrupt the business of the University, 2) interfere with the opportunity of other students to obtain an education, or 3) otherwise infringe upon the rights of others to freely participate in University programs and activities. This policy shall not be used as a means of censorship. The President, or designee, may prohibit any forum when, in his or her judgment, holding the event could result in physical harm or threat of physical harm to persons or property. Before any such prohibition, the President or designee shall make his or her best effort to consult with a designated member of the student or faculty organization sponsoring the demonstration.

1. Peaceful demonstrations are permitted by the University to attract attention to specific causes and to express grievances, so long as the demonstration adheres to the regulations put forth in this policy.

If a student has accommodation through Accessibility Services that requires the student to record lectures, the instructor and the students will be notified that there is a student who is recording the lecture. Students will not be given the name of the student requiring the accommodation.

STUDENT CONDUCT RECORDS POLICY

The Family Education Rights and Privacy Act of 1974 (FERPA) is a federal law that states that institutions must establish a written policy concerning the privacy of student records and must annually make a statement outlining said adopted privacy policy procedures. The law provides that the institution will maintain the confidentiality of student records. The general requirements of this law concerning student conduct records are covered in the information that follows.

CONDUCT RECORD

A Conduct Record is created and maintained by the Office for Student Affairs when a student is involved in an alleged policy violation of the Code of Student Conduct. Students are advised that potential employers or graduate schools may request information about a student's conduct record at the university. The Office for Student Affairs will only share information from a student's conduct record for the following reasons

- Internal: Information will be shared with individuals working for McKendree University on a need-to-know basis
- External: Information will be shared with individuals from outside the university when written consent from the student has been provided to the Office for Student Affairs.
- Legal Matters: Information will be shared by the Office for Student Affairs with legal officials when a subpoena requires the university to do so.

This record may contain any materials related to the incident(s) where the university found the student to be in violation of the Code of Student Conduct. These materials may include, but are not limited to:

- Incident Reports
- Decision Letters
- Written Statements
- Witness Statements
- Sanctions
- Appeal Documents

To ensure compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, the Office for Student Affairs will maintain internal records for, at minimum, seven (7) years after a student's graduation. Within the university community, only individuals acting in a student's educational interests are allowed access to internal records. The Office for Student Affairs will not disclose its internal records to anyone outside the university, except in cases permitted by FERPA.

If a student is suspended, withdraws with pending conduct charges, or is dismissed from the university, a permanent notation may be marked on a student's academic record and a conduct record and/or internal record will be maintained **permanently** by the Office for Student Affairs to substantiate the transcript notation. Inquiries about a student's conduct records will only be released with the student's signature of the waiver.

ACCESS AND CHALLENGES TO RECORDS

Any student has the right to inspect the non-confidential contents of their own student conduct records. Upon written request to the Office for Student Affairs, the university will make the records available to the student within 45 days. If student conduct records contain information about more than one student, access will be permitted only to that part of the record that pertains to the inquiring student.

Any student may contest the content of their student conduct records. Students who believe their records contain inaccurate, misleading, or in violation of their rights should discuss those concerns with the Office for Student Affairs. If this discussion does not lead to a resolution of the student's concerns, the student has a right to an informal hearing, and, if necessary, a formal hearing before a special committee appointed by the Vice President for Student Affairs.

CAMPUS SECURITY DATA

The Office for Student Affairs may publish aggregate and non-identifiable statistics compiled from student conduct records, which can be found on the University's Office of Public Safety website. This information can include, but is not limited to:

- Number of Incidents
- Number of violations
- Frequency of sanctions
- Timeliness of incident resolutions

STUDENT OPTIONAL DISCLOSURE OF PRIVATE MENTAL HEALTH ACT (SODPMHA) COMPLIANCE POLICY

In accordance with the State of Illinois' Student Optional Disclosure of Private Mental Health Act (SODPMHA), McKendree University shall, upon enrollment, provide students the opportunity to authorize, in writing, the disclosure of certain private mental health information to a Designee of their choosing. A Designee is defined as a parent, guardian, or another person over the age of 18 selected by the student to receive disclosure of certain private mental health information should the student experience a mental health crisis or emergency.

Per the regulations put forth in SODPMHA, the University may disclose a student's pertinent mental health information to a Designee for purposes of protecting the student and/or others against a clear, imminent risk of serious physical/mental injury, disease, or death. The determination of whether such disclosure is necessary for the welfare of the student and the University Community will be made by the Vice President for Student Affairs, or designee, upon the recommendation of McKendree University Counseling Services.

Should the Vice President for Student Affairs (or designee) make such a determination, Counseling Services will, as soon as practicable (but no more than 24 hours after the determination), attempt to contact the Designee and notify him or her of the student's mental health crisis or emergency, the risk to the student or others, and any relevant mental health information.

Students wishing to authorize a Designee should complete the SODPMHA Mental Health Disclosure form, available through the Office of Counseling Services. **Completing the form is encouraged but not required.**

Should a student with no Disclosure on file experience a mental health emergency or crisis for which Counseling Services recommends the disclosure of mental health information, **the University shall instead contact whomever the student has on file as his or her emergency contact.** Such disclosure is allowed by the provisions outlined in the Family Educational Rights & Privacy Act (FERPA).

SEXUAL HARASSMENT POLICY & PROCEDURES

POLICY STATEMENT

McKendree University is committed to providing a learning, working, and living environment that promotes integrity, civility, and mutual respect, free from discrimination on the basis of sex in its programs and activities. The University considers sex discrimination in all its forms to be a serious offense.

Sexual Harassment, whether verbal, physical, visual, or digital, is a form of prohibited sex discrimination.

SCOPE

This policy applies to all University employees, including staff, faculty, and administrators; students (beginning at admission); applicants for employment; customers; third-party contractors; and all other persons who participate in the University's educational programs and activities, including third-party visitors on campus, when the alleged conduct constitutes Sexual Harassment occurring against a person in the United States.

This policy prohibits conduct that constitutes "Sexual Harassment" as defined below when the complainant and respondent are members of the same or opposite sex, regardless of national origin, immigration status, or citizenship status. The University's prohibition on sexual harassment extends to all aspects of its educational programs and activities, including but not limited to admissions, employment, academics, athletics, housing, and student services.

This policy applies when the conduct occurs in an Education Program or Activity, defined as physical locations and events over which the University exercises substantial control, including the respondent and the context in which the sexual harassment occurs. Education Programs or Activities include any building owned or controlled by a student organization that the University officially recognizes. This policy does not apply to Sexual Harassment that occurs off campus, in a private setting, and is not part of the University's Education Programs or Activities. This Policy also does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States.

The University will analyze all complaints made under this policy and, if necessary, take action to prevent the recurrence of sex discrimination and remedy its effects.

It is the policy of the University to comply with Title IX of the Education Amendments of 1972 and its implementing regulations, which prohibit discrimination based on sex in the University's educational programs and activities. The University has designated the following Title IX Coordinators to coordinate its compliance with Title IX and to receive inquiries regarding Title IX, including reports and formal complaints of Sexual Harassment:

DEFINITIONS

Sexual Harassment

Sexual harassment is conduct based on sex that constitutes Quid Pro Quo Sexual Harassment, Hostile Environment Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, or Stalking.

Examples of Sexual Harassment include but are not limited to:

1. Pressure for a dating, romantic, or intimate partner relationship;
2. Pressure for sexual activity;
3. Sending sexually explicit emails or text messages.

Quid Pro Quo Sexual Harassment

Quid Pro Quo Sexual Harassment is an employee of the University conditioning the provision of aid, benefit, or service of the University on an individual's participation in unwelcome sexual contact.

Hostile Environment Sexual Harassment

Hostile Environment Sexual Harassment is defined as conduct based on sex that is unwelcome conduct determined by a reasonable person to be so **severe, pervasive, and objectively offensive** that it effectively denies a person equal access to the University's Education Programs or Activities.

In determining whether harassment has created a hostile environment, the University will consider the totality of circumstances, including factors such as the actual impact the conduct has had on the complainant; the nature and severity of the conduct; the frequency and duration of the conduct; the relationship between the parties (including accounting for whether one individual has power or authority over the other); the context in which the conduct occurred; and the number of persons affected. The University will evaluate the totality of circumstances from the perspective of a reasonable person in the complainant's position. A person's adverse subjective reaction to conduct is not sufficient, in and of itself, to establish the existence of a hostile environment.

Some specific examples of conduct that may constitute Sexual Harassment if unwelcome include, but are not limited to:

1. Unreasonable pressure for a dating, romantic, or intimate relationship or sexual contact;
2. Unwelcome kissing, hugging, or massaging;
3. Sexual innuendos, jokes, or humor;
4. Displaying sexual graffiti, pictures, videos, or posters;
5. Using sexually explicit profanity;
6. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities;
7. E-mail, internet, or other electronic use that violates this policy;
8. Leering or staring at someone in a sexual way, such as staring at a person's breasts or groin;
9. Sending sexually explicit emails, text messages, or social media posts;
10. Commenting on a person's dress in a sexual manner; or

11. Giving unwelcome personal gifts, such as lingerie, that suggest the desire for a romantic relationship.

Sexual Assault

McKendree's definition of "Sexual Assault" is mandated by federal regulations implementing Title IX of the Education Amendments of 1972. Those regulations require McKendree to adopt a definition of "Sexual Assault" that incorporates various forcible and non-forcible sex crimes as defined by the FBI's Uniform Crime Reporting System. See 34 C.F.R. § 106.30(a).

Sexual Assault consists of one or more of the following:

- Rape: Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (due to the influence of drugs or alcohol) or because of age.
 - o **Incapacitation** is a state where an individual cannot make an informed and rational decision to consent to engage in sexual contact because the individual lacks conscious knowledge of the nature of the act (e.g., to understand the "who, what, where, when, why, or how" of the sexual interaction) and/or is physically or mentally helpless. An individual is also considered incapacitated, and therefore unable to give consent, when asleep, unconscious, or otherwise unaware that sexual contact is occurring. Incapacitation can only be found when the Respondent knew or should have known that the Complainant was incapacitated when viewed by a sober, reasonable person. One's intoxication is not an excuse for failure to recognize another person's incapacitation. Incapacitation may result from the use of alcohol and/or other drugs; however, consumption of alcohol or other drugs, inebriation, or intoxication alone is insufficient to establish incapacitation. Incapacitation is beyond mere drunkenness or intoxication. The impact of alcohol or drugs varies from person to person, and evaluating incapacitation requires an assessment of how consumption of alcohol and/or drugs affects an individual's decision-making ability, awareness of consequences, ability to make informed judgments, and/or capacity to appreciate the nature of the circumstances of the act. No single factor is determinative of incapacitation. Some common signs that someone may be incapacitated include slurred speech, confusion, shaky balance, stumbling or falling, vomiting, and unconsciousness.
- Fondling: The intentional touching of the clothed or unclothed body parts, without consent, of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation; or the forced touching by the victim of the other individual's clothed or unclothed body parts, without consent of the victim, for the purpose of sexual degradation, sexual gratification, or sexual humiliation. This includes instances where the victim is incapable of giving consent because of age or incapacity due to temporary or permanent mental or physical impairment or intoxication for the purpose of sexual degradation, sexual gratification, or sexual humiliation.
- Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by Illinois law.
- Sexual intercourse with a person who is under the statutory age of Consent as defined by Illinois law.

Violence

Violence refers to any conduct that causes or threatens to cause physical, mental, or emotional harm to another.

Domestic Violence

Domestic Violence includes any act of violence or threatened violence committed by a current or former spouse or intimate partner of a victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Illinois.

Examples of domestic violence include, but are not limited to:

1. Kicking, punching, pushing, or otherwise physically attacking
2. Placing someone in the protected class in reasonable apprehension of receiving a battery
3. Threatening harm to another for exercising control over a person in the protected class
4. Preventing someone from accessing needed emergency services

Dating Violence

Dating violence is defined as violence or threatened violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence can include a single encounter.

Examples of dating violence are included above under Domestic Violence.

Stalking

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to 1) fear for one's safety, or the safety of others; or 2) suffer substantial emotional distress.

Examples include but are not limited to:

1. Waiting outside someone's home and/or place of business
2. Excessively calling, texting, or messaging someone

Consent

Under Illinois law, "Consent" is defined as "a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent." Additionally, "a person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during that sexual penetration or sexual conduct."

When a person is unable to understand the nature of the activity or cannot consent based on circumstances, including but not limited to:

1. Full or partial incapacitation due to the influence of drugs or alcohol
2. The person is asleep or unconscious
3. The person is not of legal age to consent; or

4. The person is incapacitated due to a mental disability

Complainant

The complainant is defined under this policy as an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent

Respondent is defined under this policy as an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint

The term “formal complaint” as used throughout this policy is defined as a physical or electronic document, signed and delivered in person or sent digitally via McKendree email, alleging sexual harassment against a respondent and requesting that the University investigate the allegation of sexual harassment. At the time of filing a Formal Complaint, the complainant must be participating in, or attempting to participate in, one or more of the University’s Education Programs or Activities.

In any case, where a Complainant elects not to file a formal complaint, the Title IX Coordinator may file a formal complaint on behalf of the University based on reported information, so long as the filing is not clearly unreasonable under the facts and circumstances.

Investigating Officer

An Investigating Officer is defined under this policy as an individual who has been assigned under this policy to conduct the investigation phase of the grievance process.

Hearing Officer

A Hearing Officer is defined under this policy as an individual who has been assigned under this policy to conduct the hearing phases of the grievance process.

MAKING A COMPLAINT OF SEXUAL HARASSMENT

People Involved

Students

Students who wish to report Sexual Harassment should file a formal complaint with the Title IX Coordinator, Deputy Title IX Coordinator, or designee. Employees must report sexual harassment to the Title IX Coordinator or Deputy Title IX Coordinator when they receive a report of such conduct. Confidential support personnel holding professional licenses must report any possible sexual harassment violations, without disclosing the identity of the individual involved. Students may also file a complaint with the United States Department of Education’s Office for Civil Rights, as outlined in the Title IX Statement at the beginning of this policy.

Employees

Employees who wish to report sexual harassment should file a report with Human Resources, the Title IX Coordinator, or a designee. This includes employees who may hold a professional license requiring confidentiality, provided the University does not utilize them in that professional capacity. An employee who fails

to report sexual harassment as required by this policy may be disciplined accordingly, up to and including termination. This section does not apply to employees identified below as confidential support personnel.

Other Persons

Any other persons, including but not limited to third parties, vendors, bystanders, and visitors on campus, who wish to report sexual harassment may contact the Title IX Coordinator, Deputy Title IX Coordinator, or designee. They may also file a complaint with the United States Department of Education's Office for Civil Rights, as outlined in the Title IX Statement at the beginning of this policy.

Advisor

During the grievance process, both the complainant and the respondent may request an advisor of their choice to accompany them at all stages, including meetings with the Investigating Officer and at the hearing. The advisor may, but does not have to be, an attorney.

There are two types of advisors: the advisor of choice and the appointed advisor.

- The party selects the advisor of choice, who can be anyone, for example, a parent or advocate.
- Appointed advisors are typically chosen from a roster that includes university faculty or staff members, subcontractors, and other relevant individuals. If a party is unable to obtain an advisor for the hearing process, the University will appoint one to conduct a cross-examination on behalf of the party. The advisor appointed by the University will not be an attorney. Appointed advisors are only assigned for the hearing phase.

Advisors chosen or appointed may participate throughout the grievance process, including meetings with the Investigating Officer and at the hearing.

The advisor cannot be another complainant or respondent in cases involving multiple complainants or respondents.

Advisors may be removed if they disrupt, harass, or intimidate others, or fail to exhibit the proper decorum expected under this policy. Advisors will be asked to sign an affirmation that they understand their role. If a party is unable to obtain an advisor for the hearing process, the University will appoint one to conduct a cross-examination on behalf of the party. The advisor appointed by the University will not be an attorney.

Confidential Support Personnel

Resources are available for individuals who wish to discuss their situation confidentially. The following confidential support personnel are available to assist you. They will **not** disclose the identifying information you provide unless otherwise required by law (e.g., if the complainant is a minor or there is a threat to the greater community). These individuals are required to make a non-identifying report to the Title IX Coordinator or designee so that the University can analyze whether there are patterns or systemic problems of Sexual Harassment on campus:

Counseling Staff: Melissa McHenry, MA, MS, MCPC
Director of Counseling Services
(618) 537-6416

Charles Gregory, MA, LCPC, LPC

Asst. Director of Counseling Services
(618) 537-6975

Health Services Staff: Beth Allan, MSN, BSN, RN, CSN, NP-C
Director of Health Services
(618) 537-6502

Chaplain: Rev. Dr. Beverly Wilkes-Null
(618) 537-6962

Types of Reporting

Anonymous Reports

The University will accept anonymous reports, although it is often difficult to gather facts and conduct a thorough analysis via anonymous complaints. An anonymous report can be completed through the electronic reporting option described below.

Confidential Reports

A confidential report is separate from seeking confidential counseling before making a report. Although the Title IX Coordinator will take all reasonable steps to investigate and respond to reports and complaints, while maintaining the confidentiality of the reporter's identity, confidential reporting may ultimately limit the University's ability to take appropriate action in the absence of all relevant facts. The University must also consider its obligation to respond effectively to reports of policy violations and to maintain a safe environment for the McKendree University community.

"University Community" means all persons who participate in the University's education programs or activities, including board members, administrators, faculty, staff, other employees, students, volunteers, guests, and contractors.

If you have concerns about confidentiality, please contact the McKendree University Counseling Services.

Electronic Reporting Option

The Incident Reporting form may be used to submit reports of sexual harassment. The form is located at <https://www.mckendree.edu/offices/student-affairs/student-conduct/reporting.php> and can also be used to make anonymous reports. Many fields on the report can be left blank; the only required fields are the *Nature of this Report*, *Date of Incident*, *Location of Incident*, and *Incident Description Fields*. You can specify the type of misconduct in the *Title IX Concerns* dropdown box in the Questions section, should you wish to do so.

Possible University Response

Dismissal Prior to Commencement of Investigation

In a case where the complainant files a formal complaint, the Title IX Coordinator will evaluate the formal complaint and must dismiss it if the Title IX Coordinator determines:

- The conduct alleged in the formal complaint would not constitute Sexual Harassment, even if proven; or

- The conduct alleged in the formal complaint falls outside the scope of the policy (i.e., because the alleged conduct did not occur in the University's education programs and activities and/or the alleged conduct occurred outside the geographic boundaries of the United States).

In the event the Title IX Coordinator determines the formal complaint should be dismissed under this section, the Title IX Coordinator will provide a written notice of dismissal to the parties and advise them of their right to appeal. The Title IX Coordinator may refer the subject matter of the formal complaint to other University offices, as appropriate. A dismissal under this section is presumptively a final determination for purposes of this policy unless otherwise specified in writing by the Title IX Coordinator in the written notice of dismissal.

Support Measures

Supportive measures are non-disciplinary and non-punitive individualized services provided to the parties at no cost. They are offered, when appropriate and reasonably available, to help address the effects of alleged sexual harassment. These measures are intended to preserve or restore equal access to the University's education programs or activities without placing an unreasonable burden on another party. Supportive measures may also be implemented to protect the safety of all parties and the broader University community, or to deter sexual harassment.

Upon receiving actual knowledge of Sexual Harassment, the Title IX Coordinator or designee will promptly contact the complainant to discuss the availability of support measures, consider the complainant's wishes concerning support measures, inform the complainant that support measures are available irrespective of whether the complainant files a formal complaint, and explain the process for filing and pursuing a formal complaint.

In the event a formal complaint is filed, and an investigation is commenced, the University will also offer support measures to the respondent in the same way it offers and makes them available to the complainant. The University will also offer and make available support measures to the respondent before the respondent is notified of a formal complaint if the respondent requests such measures.

Support measures may include changes in academic, living, dining, transportation, or work situations, to the extent that the University has control over these environments, if options to do so are reasonably available. Support measures may also include mutual restrictions on contact between the parties. Requests to change an academic, living, dining, transportation, or work situation, or for any other protective measure (such as a no-contact order), should be made to the Title IX Coordinator, Deputy Title IX Coordinator, or designee. The Title IX Coordinator will communicate with each party throughout the investigation to ensure that support measures remain necessary and effective. Failure to comply with the terms of these support measures or protections may constitute a separate violation of the Sexual Harassment Policy and/or Student Code of Conduct.

If a complainant has obtained an *ex parte* order of protection, a full order of protection, or any other temporary restraining order or no contact order against the alleged perpetrator from a criminal, civil, or tribal court, the complainant should provide such information to the Title IX Coordinator, Deputy Title IX Coordinator, or designee. The University, in conjunction with McKendree University Public Safety, will take all reasonable and legal action to implement the order.

Interim Removal

The University may remove a respondent under this policy on an emergency basis. The University will first conduct an individualized safety risk analysis and determine that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment justifies the removal. Upon such a decision to implement interim removal, the University will provide the respondent with notice and an opportunity to challenge the decision immediately after removal.

For non-student employee respondents, the University retains broad discretion to place the non-student employee on administrative leave pending the outcome of the grievance process outlined in this policy.

Consolidation

The University may consolidate multiple complaints involving different people when they arise from the same facts or circumstances.

Other Considerations

Amnesty

The University recognizes that an individual who has engaged in behavior that may violate the University's Student Code of Conduct may be hesitant to report sexual harassment. To encourage reporting, the University will grant immunity to any student who reports, in good faith, an alleged violation of this policy to the Title IX Coordinator or other employee. The reporting student will not receive a conduct sanction by the University for a conduct violation, such as underage drinking, that is revealed during such a report, unless the University determines that the violation was egregious, including, without limitation, an action that places the health and safety of any other person at risk.

Notwithstanding the University's commitment to amnesty in these situations, the University may require the reporting individual to attend a course or pursue other educational interventions, for example, educational interventions related to alcohol and drug use. Further, this amnesty provision does not prevent action by police or other legal authorities.

Conduct that Constitutes a Crime

Any person who wishes to make a complaint of sexual harassment that also constitutes a crime—including sexual assault, domestic violence, dating violence, or stalking—is encouraged to make a complaint to local law enforcement. If requested, the University will assist in notifying the appropriate law enforcement authorities. In the event of an emergency, please contact 911. A person may decline to notify such authorities. When a physical crime of violence has been perpetrated against you, the University recommends that you immediately go to the emergency room of a local hospital and contact local law enforcement, in addition to making a prompt complaint under this policy.

If you experienced sexual assault, domestic violence, or dating violence, do everything possible to preserve evidence by making certain that the crime scene is not disturbed. Preservation of evidence may be necessary for proof of the crime or in obtaining a protection order. As necessary to preserve evidence, you should not bathe, urinate, douche, brush your teeth, or drink liquids until after you are examined and, if necessary, have a rape examination completed. Clothes should not be changed. When necessary, seek immediate medical attention at an area hospital and take a full change of clothing, including shoes, for use after a medical examination. Complainants may go to Memorial Hospital Shiloh, located at 1404 Cross Street, Shiloh, Illinois, 62269, to obtain a medical forensic examination. The phone number for this facility is (618) 607-1000.

It is also important to take steps to preserve other types of evidence, such as letters, emails, text messages, social media posts, pictures, etc. This type of information is relevant in all situations involving sexual harassment, and it is often the only type of evidence available in cases of Sexual Harassment and stalking (other than witnesses).

There are several options, such as but not limited to:

- Contacting parents or a relative
- Seeking legal advice
- Seeking personal counseling (always recommended)
- Pursuing legal action against the perpetrator
- Pursuing action through the University
- Requesting that no further action be taken
- Requesting further information about the University's policy and procedures for addressing sexual harassment and available resources

Retaliation

It is a violation of this policy to retaliate against any person who made a report or complaint, testified, assisted, participated, or refused to participate in any manner in an investigation, proceeding, or hearing in any way. Retaliation includes, but is not limited to, intimidation, threats, coercion, discrimination, and/or bringing a code of conduct charge for actions that do not involve Sexual Harassment but arise from the same facts or circumstances as a formal grievance complaint, if the conduct charges are brought "for the purpose of interfering" with a person's Title IX rights under this policy.

Persons who believe they have been retaliated against in violation of this policy should file a complaint in accordance with the Reporting Types section. All institutional sanctions are available for those found to have engaged in retaliatory conduct, up to and including termination or expulsion.

SEXUAL HARASSMENT GRIEVANCE PROCESS

This grievance process consists of three phases: investigation, hearing, and appeal. All three phases of the grievance process will have certain qualitative elements, including:

- Complainants and respondents will be treated equitably.
- There will be an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence.
- There will be no presumptions of credibility based on a party's status as a complainant, respondent, or witness.
- All institutional participants in the process will be clear of conflict of interest or bias.
- There is a presumption that the respondent is not responsible for the alleged conduct until a determination is made at the conclusion of this process.
- Equal opportunity to identify and have considered witnesses (including fact and expert witnesses) and other relevant inculpatory and exculpatory evidence.
- Timely access to all information considered by the Investigating Officer and Hearing Officer.

- Equal opportunity to review any statements or evidence provided by the other party.
- Equal access to review and comment upon any information independently developed by the Investigating Officer and Hearing Officer should the Investigating Officer or Hearing Officer share such information with the other party.

All phases of this process will be completed within reasonably prompt timeframes and thoroughly investigated, decided, and resolved under the Sexual Harassment Grievance Process. Any delays during this process shall occur only for good cause. Written notice will be provided to the parties.

The University will make reasonable and appropriate efforts to preserve an individual's privacy and protect the confidentiality of information when investigating and resolving a complaint. The University will not utilize procedures that invade legally recognized privileges (e.g., attorney-client, priest-penitent, patient-counselor, etc.) or access documents that may be protected under those privileges (e.g. health, psychiatric, or counseling records) unless the party holding the privilege has waived it in writing. However, due to laws related to reporting and other state and federal regulations, the University cannot guarantee confidentiality to those who make complaints.

In the event a complainant requests confidentiality, the University will take all reasonable steps to investigate and respond to the report in a manner consistent with the procedures outlined in this policy. In the event a complainant asks that the report not be investigated, the University reserves the right to initiate an investigation despite the complainant's request.

Notice of Formal Complaint

Within **five (5) business days** of the Title IX Coordinator receiving a formal complaint, the Title IX Coordinator will transmit a written notice to the complainant and respondent that includes:

- A physical copy of this policy or a hyperlink to this policy
- Sufficient details known at the time so that the parties may prepare for an initial interview with the Investigating Officer, including the identities of the parties involved in the incident (if known), the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident (if known)
- A statement that the respondent is presumed not responsible for the alleged Sexual Harassment and that a determination of responsibility will not be made until the conclusion of the adjudication and any appeal
- Notification to the complainant and respondent of their right to be accompanied by an advisor of their choice
- Notification to the complainant and respondent of their right to inspect and review evidence; and
- Notification to the complainant and respondent of the University's prohibitions on retaliation and false statements

It is a violation of this Policy for any person to submit a Report or Complaint that the person knows, at the time of submission, to be false. It is also a violation for any person to knowingly make a materially false statement during an investigation, adjudication, or appeal. Violations of this section will be addressed under the Student Code of Conduct in the case of students and other University policies and standards, as applicable, for other persons.

Should the University elect, at any point, to investigate allegations that are materially beyond the scope of the initial written notice, the University will provide a supplemental written notice describing the additional allegations to be investigated.

Investigation

After the notice of the formal complaint has been made, the Investigating Officer will commence an investigation. During the investigation, the Investigating Officer may receive counsel from university administrators, the University's attorneys, or other parties as needed. Both the complainant and the respondent will receive periodic updates on the status of the investigation.

The parties will be given an equal opportunity to inspect and review any evidence gathered during the investigation that is directly related to the allegations raised in the formal complaint, including both inculpatory and exculpatory evidence. The Investigating Officer will provide the evidence to each party and the party's advisor, if any, in an electronic format or hard copy. Each party will have at least ten (10) business days to inspect and review the evidence and submit a written response. The Investigating Officer will consider any timely written response before finalizing the investigative report.

After the period for the parties to provide any written response to the evidence has expired, the Investigating Officer will complete a written investigation report that summarizes the various steps taken during the investigation, summarizes the relevant evidence collected, lists material facts on which the parties agree, and lists material facts on which the parties do not agree. When the investigation report is complete, the Investigating Officer will transmit a copy to the Title IX Coordinator or designee. The Title IX Investigator or designee will also transmit the investigation report to each party and their advisor, in either electronic or hard copy form.

- This report will be sent at **least ten (10) business days** before any hearing.
- **Within five (5) business days of receiving the Investigative Report**, the parties must submit the name and contact information of the advisor who will accompany the party at the hearing, or a request that the University provide an advisor for conducting the questioning. This information should be given to the Title IX Coordinator or designee handling their case.

At any point in the investigation, if the Investigating Officer determines that the conduct alleged in the formal complaint, if assumed true: (a) does not constitute Sexual Harassment; (b) did not occur in the Institution's Education Programs or Activities; or (c) did not occur against a person in the United States, then the University will dismiss the complaint for purposes of this grievance procedure. However, the University reserves the right to address such conduct under another policy, such as the Student Code of Conduct.

Clear and Convincing Evidentiary Standard

In making any determination regarding the resolution of the complaint, the evidentiary standard is the clear and convincing standard, which means that **the evidence is highly and substantially more likely to be true than untrue that sexual harassment occurred.** A clear and convincing standard is applied to all cases, regardless of the respondent's status.

Informal Resolution

Informal means of resolution may be used only after a formal complaint is filed at any time before the final determination, with the voluntary written consent of both parties. This Policy prohibits informal resolution in any case where an employee is accused of sexually harassing a student.

The following standards apply to any informal resolution method:

- The informal process can only be used with both parties' voluntary written cooperation and appropriate involvement by the institution (e.g., the Title IX Coordinator)
- Either party is permitted to withdraw from the informal resolution process and resume the formal process at any time before a resolution is reached.
- If either party does not complete the action required by the Informal Resolution, the party will violate the Title IX Sexual Harassment policy and may receive further sanctions.

Formal Resolution

Formal means of resolution entail a full investigation of the formal complaint. During a formal resolution, a Hearing Panel will adjudicate the formal complaint.

The Hearing Process

Convening and Appointment of Hearing Panel

After receiving the Investigating Officer's report, the Title IX Coordinator or a Deputy Coordinator will convene a Hearing Panel that has received proper training consistent with this policy.

Notice of Appointment of Hearing Panel

After the Hearing Panel is appointed, a written notice will be promptly transmitted to the parties notifying them of the deadline for the parties to submit any written response to the investigation report (**at least 5 days prior to the hearing**), setting a date and time for the hearing, and providing a copy of the University's Hearing Procedures.

Written Response to Investigation Report

To the extent applicable, a party's written response should identify:

- To the extent the party disagrees with the investigation report, any argument or commentary regarding such disagreement
- Any argument that evidence should be excluded from consideration at the hearing based on privilege, relevance, reliability/authenticity, the prohibition on the use of sexual-history evidence, or any other restriction established by Title IX, applicable law, or University policy.
- A list of Witnesses:
 - A list of any witnesses that the party contends should be requested to attend the hearing according to an attendance notice issued by the hearing panel
 - A list of any witnesses that the party intends to bring to the hearing without an attendance notice issued by the hearing panel
- Any specific procedural objection or concern regarding the application of the Hearing Procedures to the matter

- Any disability-related accommodation or other reasonable hearing accommodation requested by the party
- Any request that the parties be separated physically during the hearing
- Any other accommodations that the party seeks for the hearing
- Argument regarding whether any of the allegations in the formal complaint are supported by a clear and convincing standard of evidence; and
- Argument regarding whether any of the allegations in the formal complaint constitute Sexual Harassment.

Notices of Attendance

The Hearing Panel or designee(s) will transmit notices of attendance to any University employee (including administrator, faculty, or staff) or student whose attendance is reasonably necessary at the hearing as a witness. The notice will advise the subject of their duty to appear for the hearing at the specified date and time and advise the subject to contact the Hearing Panel or designee immediately if there is a material and unavoidable conflict.

The subject of an attendance notice should notify any manager, faculty member, coach, or supervisor if attendance at the hearing conflicts with job duties, classes, or other obligations. All such managers, faculty members, coaches, and other supervisors are required to excuse the subject of the obligation or provide some other accommodation, so that the subject may attend the hearing as specified in the notice.

The University has no authority to compel the attendance of any witness who is not an employee or a student, and a notice of attendance will not be issued to any such individual.

Convening Live Hearing

The Hearing Panel will conduct a live hearing in accordance with the University's Hearing Procedures. The Hearing Panel will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those bearing on credibility. The Hearing Panel will determine the relevance of questions and explain in real time any decision not to permit a question.

Cross-Examination

Cross-examinations will be conducted directly, orally, and in real-time by the party's advisor and never by a party personally. At either party's request, the University will provide the parties with separate rooms and use technology, so the decision-maker and parties may simultaneously see and hear the questions.

If a party or witness refuses to participate in the cross-examination, then the Hearing Panel will not draw an adverse inference based on the mere fact that an individual refused to participate in the cross-examination.

There will be an audio recording of the hearing that will be made available to the parties equally for inspection and review.

Determining Complaint Outcomes and Notification

After the hearing, the Hearing Panel will issue a written determination of responsibility applying the clear and convincing standard of evidence and decide as to whether a violation of the policy occurred.

The written determination will include:

- Identification of the allegations potentially constituting Sexual Harassment made in the formal complaint
- A description of the procedural steps taken by the University upon receipt of the formal complaint, through the issuance of the written decision, including notification to the parties, interviews with the parties and witnesses, site visits, methods used to gather non-testimonial evidence, and the date, location, and people who were present at or presented testimony at the hearing.
- Articulate findings of fact, made under a clear and convincing evidence standard, that support the determination
- A statement of, and rationale for, each allegation that constitutes a separate potential incident of Sexual Harassment, including a determination regarding responsibility for each separate potential incident
- Sanctions and any steps deemed necessary to 1) maintain an environment free from discrimination and harassment and 2) protect the safety and well-being of the complainant and other members of the University Community. Sanctions can include other remedial measures to correct the effects of such conduct on the complainant and others and to prevent the recurrence of discrimination, harassment, and/or retaliation; and
- A description of the University's process and grounds for appeal, as specified below

The Hearing Panel's written determination will be transmitted to the parties. Transmittal of the written determination to the parties concludes the hearing process, subject to any right of appeal.

The range of sanctions, if it is determined that the underlying conduct is a violation of this policy:

1. **Educational Sanction:** An official sanction for an educational purpose. The sanction may or may not directly correlate to the violation. Examples include meeting with University faculty or staff, presenting a program, writing a paper, etc.
2. **Disciplinary Probation:** A temporary status that remains in effect for a specific period and is generally considered to be the preliminary step to suspension or expulsion from the university, should the student be found responsible for additional violations. It specifies that the student is not in good judicial standing with the institution.
3. **Financial Restitution:** Individuals may be required to pay for the repair and/or replacement of damaged property owned or operated either by the university or individuals enrolled or employed by the university.
4. **Co-curricular Activity Suspension:** This suspension can be of indeterminate length, depending on the severity of the violation. In such instances, students may continue to attend class, labs, and study in the library; they may eat meals in the Ames or Café 1828 and take care of normal administrative functions related to being a student. However, students sanctioned with a co-curricular activity suspension may not participate in athletics, club or intramural sports, non-academic music groups or organizations, clubs/organizations, or social events sponsored by the university.
5. **Restricted Access:** A sanction that prohibits the student from accessing a specific area of owned or operated university property without prior approval or a Public Safety escort.
6. **Alcohol & Other Drugs (AOD) Program:** An educational program provided by the university's Counseling Services Office that requires students to meet with staff to discuss their alcohol and/or drug use.
7. **Probation of Campus Residency:** A temporary status that remains in effect for a specific period and is generally considered the preliminary step to relocation or removal of university housing, should the student be found responsible for additional violations.
8. **Relocation of Campus Residency:** An official sanction that requires the student to vacate their formerly assigned residence and relocate to a new assignment. If this decision is appealed, the student may be removed from their

formerly assigned residence at the discretion of the Vice President for Student Affairs (or designee) while the appeal is pending.

9. **Removal of Campus Residency:** Removal of campus residency may be imposed for a specific or indefinite period, as is deemed appropriate by the Conduct Officer, Conduct Board, or Sexual Misconduct Hearing Panel. Students who are removed from university housing must vacate their assignment once the sanction is executed. If this decision is appealed, the person may be removed from university housing at the discretion of the Vice President for Student Affairs (or designee) while the appeal is pending. Students **will not be permitted** to visit or stay with friends living in any campus housing facility. Additionally, special conditions may be imposed.
10. **No Contact Order:** A No Contact Order is an official, written document issued by the Office for Student Affairs stipulating that the individuals named within are to refrain from any verbal, physical, written, or electronic contact of any kind. This includes contact through third-party individuals. Specific exceptions to the No Contact Order may be granted by the Vice President for Student Affairs (or designee).
11. **Suspension:** A decision of suspension terminates the student's status as an enrolled student for a specific period, with a minimum of one (1) year and up to a maximum of five (5) academic years and prohibits the student from attending classes. A suspended student may not enter any part of university-owned or operated property without specific authorization from the Vice President for Student Affairs (or designee). Students who reside in university housing shall remove their belongings from their place of residence after the sanction has been issued.
12. **Expulsion:** A decision of expulsion terminates the student's status as an enrolled student. An expelled student may not enter onto university property without specific authorization from the Vice President for Student Affairs (or designee). Students who reside in university housing shall remove their belongings from their place of residence after the sanction of expulsion is issued. Students receiving a sanction of expulsion will be unable to re-enroll at the university.

The written determination, including any sanctions imposed, will be included in the parties' University files. The written determination shall be final, subject only to the right of appeal outlined in *Appeals* below.

APPEALS

Grounds for Appeal

The complainant or respondent may appeal the determination or any dismissal of the complaint on the following grounds only:

- **Question of Procedure:** There was a procedural irregularity that **affected** the outcome
- **New Evidence:** There is new evidence not reasonably available that could affect the outcome
- **Conflict of interest or Bias:** There was a conflict of interest or bias by the institutional participants that affected the outcome

Appeals must be filed with the Title IX Coordinator/Deputy Coordinator within **five (5) business days** of receiving the outcome notification letter. The Title IX Coordinator/Deputy Coordinator will forward the request to an Appeals Officer.

The appeal must be in writing and contain all the following information:

- Name of the complainant
- Name of the respondent
- A statement of the determination of the complaint, including corrective action if any
- A detailed statement of the basis for the appeal including the specific facts, circumstances, and argument in support of it; and

- Requested action, if any

When an appeal has been filed, the non-appealing party will be (1) notified of such in writing within **ten (10) business days** of the submission of the appeal and (2) allowed to submit a written statement in response. The appealing party may request a meeting with the Appeals Officer, but the decision to grant a meeting is left to the Appeals Officer's discretion. However, if a meeting is granted, then the other party will be granted a similar opportunity.

Resolution of the Appeal

The Appeals Officer will resolve the appeal within **twenty (20) business days** of receiving it and may take actions that they determine to be in the interest of a fair and just decision. The parties will be notified in writing if the Appeals Officer's decision will take longer than **20 business days**, and the basis for the reasonable delay.

The decision of the Appeals Officer is final.

The Appeals Officer shall issue a written decision describing the appeal and the rationale for the result that is provided to the parties simultaneously.

The University also retains discretion to appoint two or more people to jointly fulfill the role of investigator, hearing officer, administrative officer, informal resolution officer, and/or appeals officer.

The functions assigned to a given University official under this policy, including but not limited to the functions assigned to the Title IX Coordinators, investigator, hearing officer, hearing panel, administrative officer, informal resolution officer, and appeals officer, may, in the University's discretion, be delegated by such University official to any suitably qualified individual and such delegation may be recalled by the University at any time.

Education/Training

Because the University recognizes that the prevention of Sexual Harassment is important, it offers educational programming on an annual and ongoing basis to a variety of groups such as Title IX Coordinators, investigators, decision-makers, informal resolution facilitators, campus personnel, incoming students and new employees participating in orientation, and members of athletic teams and other student organizations.

All Title IX Coordinators, investigators, decision-makers, and informal resolution facilitators receive training on various relevant aspects of McKendree's Sexual Harassment Policy and grievance process, including definitions of Sexual Harassment; the scope of the University's education programs and activities; how to conduct investigations, hearings, appeals, and informal resolutions; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The training for decision-makers also includes instruction on relevant technology to be used at any live hearing, as well as the relevance and permissible use of sexual history. All training provided will be free of sex stereotypes and serve to promote impartial investigations.

To learn more about educational resources, please don't hesitate to contact the Title IX Coordinator, Deputy Title IX Coordinator, or their designee. To access the University's training materials, please review the University's Title IX webpage.

Record Keeping

The University maintains the following records as they relate to this Policy and process outlined herein:

- for each instance where the University received a report of Sexual Harassment, but where a formal complaint was not filed, the University has maintained for at least **seven (7) calendar years**, a record of

all actions taken, including all supportive measures provided and its rationale for why the actions it took were not deliberately indifferent.

Discretion in Application

The University retains discretion to interpret and apply this policy in a manner that is not unreasonable, even if the University's interpretation or application differs from the interpretation of the parties.

Despite the University's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible that unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the University retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not unreasonable.

The provisions of this policy and the Hearing Procedures referenced herein are not contractual, whether or as part of any other express or implied contract. Accordingly, the University retains discretion to revise this policy and the Hearing Procedures at any time, and for any reason. The University may apply policy revisions to an active case if doing so is not unreasonable.

Changes in the Law

In the event a change in controlling law conflicts with some provision of this policy necessitates the modification of some provision of this policy, or mandates the inclusion of new provisions not included, the University may immediately apply the policy in a manner consistent with such controlling law, after providing written notice to the parties of the change in controlling law, even if the Policy has yet to be formally amended to address the change in controlling law.
