2020 HOMECOMING CANDIDATE GUIDELINES

The Covid-19 pandemic has provided a variety of challenges for the academic year in many areas. Student Homecoming and our process is no exception. The 2020 McKendree University Virtual Student Homecoming Selection Process will be based upon the 'current normal', given various restrictions during the pandemic. Plans are to return to pre-Covid19 Selection Process guidelines in 2021.

Our goal for this process is to continue to create a sense of pride and fulfillment for those who are virtually chosen to represent McKendree in the capacity of Homecoming Royalty. To further that effort, a \$100 Book Store Gift Card will be awarded to those successful candidates and \$100 will be deposited into the candidate's Registered Student Organization account. It is our hope that both the process and the resulting rewards spark competitive and institutional spirit within our McKendree community.

Publicity and Campaigning Rules and Guidelines:

General Philosophy:

- Being named King or Queen should not be because of name recognition that stems from widespread advertising; it should be an acknowledgement of your previous campus involvements and connections with students on campus. Campaigning reminds people of who you are, informs them that you are a candidate, and encourages them to vote. Please keep in mind that the spirit of campaigning is to connect with students in a personal way.
- Successful campaigning is done through being seen on campus at high-profile events and word of mouth through your friends and organizations.

Guidelines:

Please read these Campaign Rules carefully. The following rules and guidelines are meant to aid you through the campaigning process. It is important to ask any questions you may have **PRIOR** to the commencement of the campaign. Lack of understanding or failure to read the campaign rules will not be a valid excuse for the candidate or the sponsoring group. Candidates are expected to know each of these rules and will be held accountable for them.
