Submitted To: 6th Legal

1 HAVING CONSIDERED both the benefits and drawbacks of the European Union (EU)
2 model for cybersecurity, and

3
4 MINDFUL of all of the cyber crimes like attacks on the privacy, integrity and availability of
5 computer data and systems, including malware, botnets and denial of service attacks, phishing
6 and other types of identity theft, and

7
8 STRESSING that these criminals are hacking into banks and withdrawing money which is
9 hurting the world economy, and

10
11 ACKNOWLEDGING that using the EU's laws may not be the best for every country;

- 12
13 1) DEPLORES the fact that the cyber criminals may migrate to other countries
14 with less strict cyber laws to continue their practice;
- 15
16 2) EMPHASIZES that Turkey is only trying to fix their cyber crimes and not
17 give their problems to other countries;
- 18
19 3) EXPRESSES ITS BELIEF that as a member of the EU, its problems could
20 affect their trade in other countries and would be bad for other countries'
21 economies;
- 22
23 4) REITERATES the importance of adopting the EU's cyber security laws as a
24 solution to cyber crime.
