

Delegates Move On

The Spring Model UN Conference held annually at McKendree University continued at 9 AM on Wednesday, April 10, 2013. This morning my focus was on the graduating seniors who are currently participating in their final Model UN Conference.

It seems to me that Model UN delegates have bright futures ahead of them. Graduating delegates said they plan to attend schools such as Purdue University and Indiana University. Their majors vary from pharmacy to psychology and everything in between. When asked if they felt prepared for the future, delegates seemed confident in their abilities that will take them to the top. They said that Model UN has helped them prepare for what the future holds. "It's definitely helping my communication skills," said a delegate representing Mexico in the 3rd SCH Committee.

After four years of dedication to this program, it's hard to see it end. All the graduating seniors will be missed greatly. Be sure to

thank all your seniors for helping to make you the delegate you are today.
