1 **Acknowledging** that Panama will be affected by the back and forth between the U.S. and
2 China will stop possible loss from an economic standpoint, and
3

4 **Aware** of the suffering that a trade war could bring such as a rise in tariffs, could affect
5 countries that surround those in the trade dispute and those who produce for the countries,
6 and
7

8 **Recognizing** if the United Nations continue to not do anything about the multiple trade
9 disputes that are ongoing there will be an increasing wealth gap, and
10

11 **Dependent** on the support of the United Nations to bring the countries in disputes to the
12 table to negotiate the lowering of tariffs to prevent an increase in the wealth gap between
13 countries, and
14

- 15 1. **Important** that countries focus on the problems within their own country, and
16 to think about what the tariffs are causing:
17
- 18 2. **Recommending** that the United Nations continue to provide peacekeeping
19 operations on trade wars to promote stability but only if the country asks for
20 such;
21
- 22 3. **Mentioning** the current trade wars between the U.S and Peoples Republic of
23 China and the meeting that was held to negotiate the halt of tariffs, these tariffs
24 are causing other problems that what needs to be dealt with.
